

### Summer Christmas Tree for Children of Vacation School

The children of the Vacation Church school of the Presbyterian church will have a Summer Christmas tree on Friday morning at eleven o'clock. The service will be held out of doors, with a real Christmas tree, Christmas carols, gifts, and a speaker.

The children will bring gifts for some mission station which will be placed on the tree as a part of the service. The parents and friends are invited to attend this service.

Miss Elsie Pollock of the Dorland Bell institute, Hot Springs, North Carolina, will speak. Miss Pollock supervises student work at Dorland Bell. The pupils come from the mountains of western North Carolina and eastern Tennessee, living for the most part on small sized mountain farms from five to twenty-five miles distance from the nearest town.

Our Women's Missionary society has contributed toward the support of Dorland Bell school for many years. We are very happy to have Miss Pollock with us. The following is a list of gifts which the children may bring for the Christmas tree: dolls, handkerchiefs, games, stationery, toothpaste, talcum powder,

perfume, pencil boxes, small pictures for the rooms, vases, stamped dresser covers, coat hangers, and bobbed hair combs.

On Thursday through the courtesy of some friends the junior and primary children will attend a children's program at Ravinia. The children will meet at the church at 2:00 o'clock where transportation will be provided for them. After the program they will be brought to the church and parents may call for them there.

But one more week remains and the closing program will be held Friday evening, July 26 in the church at 7:30. There will be a demonstration of some of the work which has been done in the various departments and an exhibit of handcraft materials. The greatest results of such a school as a Vacation Church school cannot be determined or estimated by mere exhibition, but shows in the lives of boys and girls in the years to come.

Two of the teachers, Miss Jean Barnet and Miss Enid Pearce, are going to camp the last week of the school and Miss Joan Dexter, Miss Marion Flinn, and Miss Helena Stockwell will carry on the work of these two teachers. On the whole the school has been very worthwhile and we appreciate the co-operation of parents and friends in helping to make it so.

There are many millions of illiterates in this country, but most of them somehow find out about it when the newspapers advertise bargains.

Handshaking is said to be dangerous on account of germs, yet the politicians all seem willing to take this risk.

Being told they should study local geography, the boys at least know where all the girls live.

Although the present generation is called very speedy, it does not show much speed about getting up in the morning.
