EVER SINCE 1842

Stephen F. Whitman and his son have been making those wonderful candies that make Philadelphia famous. And they made them good to start with and every day by day in every way they have made them better and better until there is simply no chance for any further improvement, and we wish to impress upon you that whenever you buy a box of candy with Mister Whitman's name on the lid, you can be very sure you have not made a faux pas.

Moral: When you reach for Whitman's you're always lucky.

What Does a Savings Account Do For You?

VACATION plans are likely to be greatly influenced by their cost. Many people have finer vacations—even a trip to Europe—by planning ahead and getting the money *beforehand* on the easy payment plan. They simply estimate the cost and make small regular deposits in their savings accounts. There is new zest in a vacation paid for without effort in advance.

We recommend the plan to you because we have seen it work so often. Our friends who have tried it have come back rested, healthy and with glowing tales of a wonderful trip without a single after-regret.
