Purchaser  
of the **KRAUSS**  
CLEANING CO & DYEING

1215 WASHINGTON AVENUE — WILMETTE

Now that the smoke of battle has cleared away, and there has been ample time to review my purchase of the Krauss Cleaning Company, I am experiencing a growing enthusiasm and satisfaction in the entire transaction. After a two weeks' sojourn 'midst the abundance of trees, flowers, beautiful lawns and elegant homes, the North Shore seems like a veritable paradise and a closer inspection of the cleaning plant reveals no disappointments. The plant is as represented by Mr. Krauss, a model one in every way, containing the best equip-

ment, with ample space and plenty of light and sunshine to make working conditions pleasant.

With the glorious North Shore to live on, a model cleaning plant, plenty of enthusiasm, plus six years' experience as head of Oak Park's largest cleaning plant, we offer the North Shore a cleaning and dyeing service that measures up to the highest standard of excellence.

Upon this basis we earnestly solicit your patronage.
