

PLAYGROUNDS BUSY DURING PAST WEEK

Prepare for Track Meet at Sunset Aug. 8; Closing Events on Aug. 23

Bathing Beaches

At the bathing beaches there was a large attendance on Saturday and Sunday and the parking facilities at Central Park proved a convenience of no small importance.

Sunset, Wood

At Sunset Wood several organizations have held their picnics during the past week enjoying the playground and recreational features of the park.

The small children find the pool provided for them a source of great enjoyment. This pool is thoroughly cleansed each day and all necessary precautions are taken against any possible contamination.

The dance on Thursday last despite the threatening weather and a light shower was enjoyed by many. This feature of the park is popular with many of the young people. Since the operation has been under the management of the Park board, no complaints have been made of the conduct of those attending these dances.

Mr. Meyers, the contractor who is putting in the large watermain through the park, will soon be through with the construction of it.

push their work to a rapid completion. We have not forgotten his kindness in supplying us with earth at Sunset Valley golf course for the re-vamping of two greens and the building of several bunkers.

The playground activities are progressing nicely and are now entering into the final period. Mr. Frederickson who is chief director, assisted by Miss Cancie and Miss Brockway, has arranged all of the program, the popularity of which is apparent by the large attendance which now exceeds 500 registrations.

The play field under construction near the Lincoln school will be ready for the children at the opening of school in September.

Ravinia Playground

The enrollment at the Ravinia playground is now 210.

The warm weather has increased the beach attendance and has made handicraft work doubly popular. Afternoons are given over almost entirely to basket weaving, toy making, doll making, sewing, etc. Several trays and vases have been finished and are very attractive.

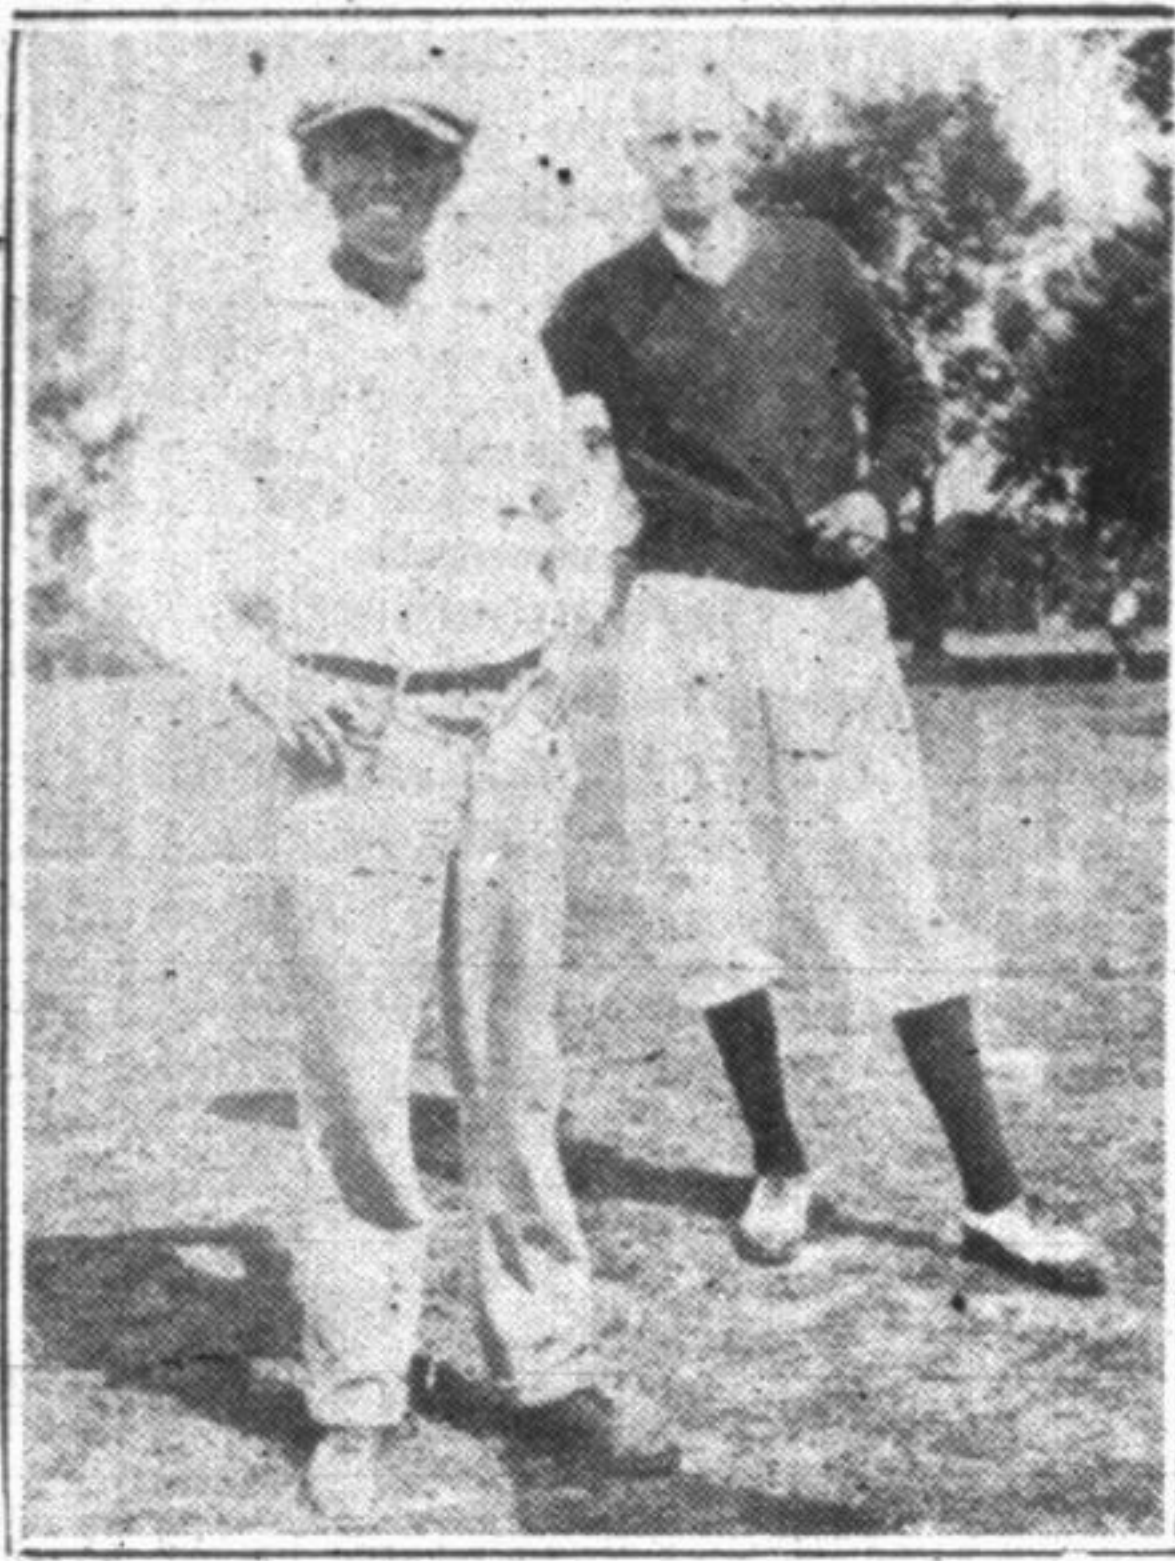

In spite of the hot weather baseball and soccer are still popular. The boys, ages 8 to 15 years, won the third game of the season for Ravinia on Wednesday. The next game scheduled for next Wednesday is for boys weighing 85 pounds or under. Volley ball continues to be popular for the girls on Mondays, Wednesdays, and Fridays in the evening. These evening periods are well attended and are scheduled primarily for the older boys and girls and are given over to team games, the older boys playing baseball while the girls play volley ball and the smaller ones play punch ball or similar games.

The smaller children are still enjoying Agnes Day's games and

Art Olson Wins Over John Kelly, Play-off for President's Cup

The recent hot weather made inroads in the play at Sunset Valley but did not interfere with the play-off of the match for the President's cup, Art Olson winning the match over John Kelly in a well fought game. Mr. Olson has won other matches as follows: 1922, 1925, and 1926, when he won the championship

"Art" Olson and his Caddy, Alex Wolack cup and also in 1927, when he won the open championship cup. Mr. John Kelly is an enthusiastic golfer and has always assisted the club in every way he could when called upon. We congratulate Mr. Olson on his success and Mr. Kelly for his efforts, which carried him through to the runner-up position. Thus Mr. Olson's name will be the first on the new President's cup.

The next golfing event will occur on August 4th, when the qualifying round for the Highland Park open, 18 holes medal play, sixteen low qualifying, entry fee \$1.00, will be played. There will be prizes in addition to the cup. This cup is known as the Moraine cup and was presented by Mr. Frederick Cushing. The previous winners of this cup were Sonny Rouse, Henry Foley, Art Olson and John Gantor.

Election August 10 for School District 113

Saturday afternoon, August 10, a special election is called in District 113 for the purpose of electing one member to the high school board to fill the vacancy caused by the resignation of Mr. John Benson.

Mrs. Raymond Flinn of E. Park avenue, is the only candidate so far listed, to fill the vacancy.

Benefit Card Party at Moraine Hotel

The annual card party for the benefit of the Woman's Auxiliary of the Highland Park hospital will be held Wednesday, August 7, at two o'clock at the Moraine hotel. The proceeds are used by the auxiliary to purchase materials for garments and bandages to be used at the local hospital. Tables may be reserved, and tickets may be purchased at the door.

William Dooley of This City Praised for Splendid Record

Diogenes, whose lantern has lighted the way down many a detour and blind alley of the ages as he sought an honest man, can toss the antiquated torch away now.

And here's the reason why, according to the Waukegan Daily News:

The books of County Superintendent of Schools T. Arthur Simpson show some notable examples of faithfulness and integrity and of course painstaking honesty. Take, for instance, the cases of William Dooley of Highland Park, treasurer of the Deerfield school district, and Frank Kern, Libertyville, treasurer of the Libertyville school district.

Dooley in the last year turned in \$9,000 in interest gained from school funds in his charge. This is about nine times the salary he receives a year. Kern turned in \$3,150 as interest or a little over three times his salary. And this without insinuations as to other districts.

Perhaps, after all, the public trust is well placed.

Present Daughters to Society Soon

The Misses Mariana and Virginia Ruffner, daughters of Mr. and Mrs. William R. Ruffner will be introduced to society at a garden party at their parents' residence on Saturday, Sept. 7.

On Saturday, Sept. 21, Mr. and Mrs. Ross J. Beatty will present their daughter, Miss Veronese Beatty, at a tea and reception at their residence and will give a dance for her on the evening of the same day.

Vogue Cleaners to Move September 15

The Vogue Cleaners, who have been located in the Highland building since November, 1927, are preparing to move into their new building located at 327 N. Green Bay road which is nearing completion. In view of the removal they will hold a sale of Oriental rugs beginning Aug. 1. The prices will be from 35 to 50 per cent lower than the original price.

Mr. Nash has felt the need of larger quarters for some time, owing to the rapid growth of his business.

The building will be a two story concrete fireproof building and will be one of the most up-to-date rug cleaning establishments. Rug cleaning and repairing can be more properly handled here, and when necessary a 24 hour service can be given. A salesroom for oriental and domestic rugs as well as linoleum will be maintained on the first floor. They expect to be in their new location about Sept. 15.

Mr. Nash will bring his family here to live in the fall.

In New Location

The H. C. Warren Motor Sales have moved from First street to 512 and 514 Laurel avenue. The growing business demanded larger quarters and in the new location they can conduct a service station in connection with their sales room.

COUNCIL AND BOARD IN REGULAR SESSION

Much Routine Business Transacted at Session Monday Night; Details Given

The regular meeting of the city council and board of local improvements Monday evening was devoted chiefly to routine business.

Officers present: Mayor Lewis, Commissioners Brown, Gourley and Zimmer. Absent: Commissioner Reay.

Commissioner Gourley moved that the minutes of a regular meeting of the council held on Monday, July 15, stand approved as read. The motion prevailed.

Commissioner Gourley moved that the Chicago Children's Benefit league be granted permission to hold their annual Tag day in Highland Park on Monday, Oct. 7. The motion prevailed.

The communication from the Lions club of Highland Park with reference to placing appropriate markers at the principal roads entering Highland Park was referred to the Highland Park East Park district.

The report of the building inspector with reference to an amendment to the Highland Park ordinances with reference to refrigerating machines was referred to the committee on the revision of the Building code.

The report of A. E. Smith, justice of the peace, showing collection of fines for the period June 19, 1929 to July 13, 1929 in the amount of \$199 was ordered placed on file.

The report of the corporation counsel with reference to the building owned by E. O. Ek on South St. Johns avenue was ordered placed on file.

Commissioner Brown moved the passage of an ordinance entitled: "An ordinance prepared and transmitted and its passage recommended by the Board of Local Improvements of the city of Highland Park, Lake county, Illinois, providing for the construction of a reinforced concrete pavement, concrete catchbasins, catch basin manholes and manhole, with necessary drainage and other improvements in the alley in block eleven (11), Original Town of Highland Park, in the city of Highland Park, Lake county, Illinois," said ordinance as read having remained on file for public inspection as required by law. The motion prevailed.

Commissioner Brown moved that the dedication of the north 30 feet of the east 156.54 feet of the west 621.04 feet of the NW 1/4 of the SE 1/4 of section 34-43-12 be accepted and the city clerk authorized to record said dedication. The motion prevailed.

Commissioner Gourley moved that the mayor and city clerk be authorized to accept the permit from the State of Illinois Department of Purchases and Construction Division of Waterways for the right to construct the North Shore Forest Ridge sewer and temporary sedimentation tank. The motion prevailed.

Estimates Approved

Commissioner Zimmer moved that the engineer's estimate in the amount of \$4,213.85 covering work performed on the Dean avenue highway bridge and Cary avenue foot bridge and entrance
