

## MRS. MCGRAW DIES RESULT OF WOUNDS

**Inquest and Hearing Saturday;  
Burial Held Today at  
Newtown, Illinois**

The death of Mrs. George McGraw Tuesday afternoon put the investigation of the circumstances surrounding her death into the hands of States Attorney A. V. Smith of Lake county.

Mrs. McGraw was found injured at her home by her husband upon returning from work as a motorman for the North Shore line Sunday morning. She was suffering from the effects of wounds inflicted with an ice pick about the head and a blow from an object such as a hammer or club, and was taken to the Highland Park hospital. It is believed that she died as the result of a brain puncture from a blow with the ice pick.

John Mahoney and G. M. Jones, automobile salesmen who are said to room over the McGraw residence at 114 N. First street, and George Sullivan, a friend of the McGraws for eighteen years and a roomer in their house, are being held by Highland Park police as material witnesses.

Sullivan was charged with the murder Wednesday in a warrant issued before Justice A. E. Smith and signed by Chief of Police Maroney. The bloodstained clothing of Sullivan was sent to Coroner's Chemist McNally of Cook county for analysis.

According to the theory of the police, a party at the McGraw home Sunday night with Mrs. McGraw and the above three men as participants ended in the violence that led to Mrs. McGraw's death. It is supposed that a ride was followed by drinking and eventually a fight.

A preliminary hearing has been called for 3 o'clock Saturday afternoon. The coroner's jury was sworn in Wednesday morning and the inquest will be held sometime Saturday. (Continued on page 43)

## Three Die, Several Hurt in Auto Accidents

Two people are dead and numerous others are suffering from injuries of varying degrees of seriousness following the usual week-end "pleasure" trips of thousands of automobilists in this vicinity and from neighboring cities.

Mrs. George M. Keller, 35 years old, of 4828 West Adams street, Chicago, was killed and her husband was probably fatally injured when their automobile turned over on route 22, one and one-half miles east of Half Day Friday evening.

The accident was caused by the skidding of the machine on the rain covered pavement as the car swung around a slight curve in the road. Both were caught under the machine. Mrs. Keller it is believed lived for but a few minutes after the accident.

Mr. Keller was taken to the Highland Park hospital where an examination showed that he had suffered a fracture of the pelvis, seven broken ribs and it is thought that he has been seriously injured internally. Although physicians who examined him shortly after the accident, held no hopes for his recovery, it was stated at the hospital later that he was showing improvement.
