a New FRIGIDAIRE Porcelain-on-steel outside and inside

Equipped with the famous "Cold Control"

Here is a beautiful cabinet finished in Tu-Tone Porcelain-on-steel with a seamless Porcelain-on-steel lining. It won't absorb grease. It can be cleaned as easily as chinaware. There are eight square feet of shelf space. And look at the space between the shelves. Plenty of room for tall containers. And even the lowest shelf is placed so that you don't have to stoop to reach it.

The powerful mechanism is built with such precision that you don't hear it start, or stop, or run. And it's all out of sight. This leaves the top of the cabinet clear for extra kitchen shelf space.

And don't forget the famous "Cold Control." It gives you complete control over Frigidaire's surplus power. It enables you to govern the time re-

With the famous Frigidaire "Cold Control" you can regulate the freezing time in your Frigidaire just as you regulate the cooking time in the oven of your gas stove.
