

### Souls for Sale

"extra woman," took the job of making her up.

Watching a scene being taken Robina Teele on that biggest camel. She's earning her money to-day by the sweat of her whole system. She's sweet on Tom Holby and as jealous of him as a fiend. Mighty nice boy—not spoiled a bit by being advertised as the most beautiful thing in the world. I was in a scene with him once; he was just as considerate as if I had been Norma Talmadge or Pauline Frederick."

In a heat that drove the desert Indians into the shade and idleness, dainty actresses and actors invited sunstroke, and after a time the extras were called forth from the comparative shelter of the tents to the scene of action.

Mem could not believe that this was she who stumbled across the sand, twitching her skirts out of the talons of the cactus, carefully dabbing the sweat from her face with a handkerchief already colored like a painter's brush rag, and jingling, as she walked, with barbaric jewelry.

The mob went forward slowly and she recognized Tom Holby on a camel. She hoped that he would not recognize her, but he studied all the faces and, being used to disguises, made her out and hailed her with the password:

"How you standing it?"

She called up to him:

There was vast interest in her from now on. The leading man had singled out an extra woman for special attention, and the gossip went round with a rush as of wings.

The director divided the extras into groups, with business assigned to each.

### Libertyville to Have Handsome-New Building

Definite steps for the erection of a new business block at the corner of Milwaukee avenue and Broadway were taken last week with the breaking of ground for the basement of the structure, which is to be built by Frank H. Bartholomay of Lake Forest.

The property at this desirable corner was purchased last March from Kennedy brothers and an announcement was made at that time of the proposed development.

The contract for the excavating has been given to the North Shore Excavators, who did the work on the village reservoir.

The property measures 112 feet on Milwaukee avenue by 180 feet on Broadway and it is understood that the building will eventually cover a major portion of the lot.

The plans for the first development of this corner were drawn by Anderson and Ticknor of Lake Forest and Xavier Vigeant of Highland Park who are associated with the architects on the project.

The original plan, which is said, will be adhered to with a few minor changes, call for a two story structure with six stores fronting on Milwaukee avenue with kitchenette apartments on the second floor.

## Why did they wait for This New Pierce-Arrow?

Body and Engine by Pierce-Arrow—and Pierce-Arrow in every part!

The above question does not long remain unanswered after a glimpse of the new Straight Eight. And this is especially true if other fine cars are present for comparison.

The new Straight Eight was purposed to be the finest car that Pierce-Arrow ever produced. That it should also have been a remodeler of fine car fashions could not have been foreseen. But that is precisely what happened.

The long, low-slung slenderness of the new Pierce-Arrow was welcomed by fine car owners grown tired of bulk and stodginess in big automobiles. So great, in fact, was the conquest that Pierce-Arrow served a waiting-list for many months. And while demand still crowds production, some of the most favored models of the new Straight Eight line are now being locally shown.

The NEW STRAIGHT EIGHT by

# PIERCE-ARROW

125 Horsepower Engine • 85 Miles per hour 133-inch and 143-inch Wheelbases • Non-shatterable Glass • Fender or Bracket Headlamps optional without extra charge
