

The season's most exclusive colorings

\$2775 TO \$8200
AT BUFFALO

In purchasing a car from income the average allowance on a good used car usually more than covers the initial Pierce-Arrow payment

THE mode of the hour is of course consulted in the selection of new colorings by Pierce-Arrow. But there is an artistry employed in the process which is rare among automobiles.

The blending of certain shades and tones... the choice of fine fabrics to match... the development of combinations which exclude the commonplace... the harmonizing of interiors with exteriors. All are the concern of artists who are masters of decoration and guardians, as well, of the tradition that is Pierce-Arrow.

The result is a quality that sets this distinguished line apart. Also there is a definite limit to the number of Pierce-Arrows possible of creation each season—governed by certain fine processes of manufacture. And so today's exhibit of the new Pierce-Arrow colorings is one to be attended without delay.

The NEW STRAIGHT EIGHT by PIERCE-ARROW

125 Horsepower Engine • 85 Miles per hour • 133-inch and 143-inch Wheelbases • Non-shatterable Glass • Fender or Bracket Headlamps optional without extra charge

H. P. Cricket Club Wins from Chicago Team; More Games

Highland Park cricketers August 25 avenged a defeat earlier in the season when they defeated the strong Chicago Cricket club by a final score of 87 to 53. The visitors batted first and were held in check by the fine bowling of the Highland Park men. Upon resuming after the tea interval, Highland Park lost one of its best batsmen for only three runs scored, but a steady stand by Mitchell and Newitt brought up the score, and the Chicago total was passed with seven wickets in hand. The victory puts the local team in second place in the league table. Complete details follow:

Next Sunday the game will be against the Pickwick C. C. at Washington Park, Chicago, and on September 15 (the last home match of the season) the Lake Forest Cricket club will furnish opposition.

New 3-Window Fordor Popular, Says Purnell

"The new three-window type Fordor Sedan is proving to be a popular family car because of its pleasing appearance and simplicity," said Mr. Purnell, of Purnell & Wilson, local Ford dealers.

"The car has created considerable comment wherever exhibited. In exterior appearance it is similar to the Town Sedan, long, low and straight, with French roof quarters and belt molding running back from the radiator around the body.

"The interior is very attractively finished. The plain style of trimming is in exceedingly good taste and heightens the feeling of luxurious comfort afforded by the wide, deeply cushioned seats, upholstered in lounge effect. The trimming is in durable woolen cloth.

"The front seat is exceptionally comfortable, which is particularly appreciated on long tours. And it is adjustable to suit the convenience of the driver, being quickly moved either forward or backward. Three persons may be accommodated easily in the rear seat."
