## TEMPLE TONE Radio

**MEASURED BY TASTE...**

Unfortunately, Taste is a word which has been abused until it has been almost begrimed by association. How, then, shall we say that Temple wins the approval of those who appreciate true artistic excellence? Of those who relax with Debussy and wince from Bowery stridence? Temple is not earmarked by the gramophone-Grand Rapids influence. It is a superb musical instrument in a console of dignity and beauty.

You will prefer it... come in and let us demonstrate its quality.

Screen Grid Chassis Optional Equipment - at no advance in price.

Temple is all-electric, standard chassis—six 227 tubes—push pull amplification—using two new 245 power tubes—full-wave rectification. A power supply over-sized in every respect in combination with the Temple electro-dynamic Speaker assures matchless tone for Temple Receivers. The Temple Console... \$149; The Temple Grand Console... \$169; The Temple 8-90 Radio-Phonograph Combination... \$269 (less tubes). The Temple Receivers are licensed by R. C. A. and Associated Companies.

Housed in beauty, the Temple electro-dynamic is the only speaker with the adjustable hum eliminator feature. Separate table-type speakers are available for those who do not own a Temple Receiver.

\$39.00 for the Temple electro-dynamic Speaker  
 \$20.00 for the Temple Magnetic Speaker

**To Establish Value of Government Land**

The Waukegan - North Chicago Chamber of Commerce has been asked by W. C. Weeks, lieutenant colonel, corps of engineers, to assist the U. S. army engineers in establishing a value on two small strips of land which the federal government owns on the Waukegan lake front. The proposed construction will probably be constructed on one of these plots.
