**OVEN HEAT
REGULATED
GAS RANGE**

A modern gas range ~ one that is oven heat controlled ~ brings you "measured heat" for all oven cooking. And it gives you hours of leisure from your kitchen, for the heat control banishes oven watching.

Meats ~ pastries ~ all foods ~ cannot be underdone or overdone. The time required to cook them perfectly is known ~ and with an oven heat controlled gas range the

required temperatures are available. Perfect results every time.

This month ~ come in or telephone and we'll send a representative. Don't miss this opportunity to save money. *Just Act Now!*
