Counterfeit Copy of New Five-Dollar Bill

A second attempt is being made to counterfeit the new small sized currency, according to Chief Moran of the secret service, who today issued warning that a bogus five dollar bill on the federal reserve bank of Chicago is in circulation. The bill, which carries a portrait

of Abraham Lincoln and which is about an eighth of an inch shorter than the genuine bill, was pronounced by Chief Moran as a crude piece of work. The numbering and seal as well as the back are off color.

Further description of the counterfeit is as follows: Series 1928A, check letter H, face plate No. 5, black plate 145, signed by W. O. Woods, treasurer and A. W. Mellon, secretary.

Northwestern Squad Largest in History

Out of 57 men who reported for practice last week, Coach Dick Hanley is molding the new Northwestern eleven for the 1929 campaign. He has the largest Purple squad ever assembled, both in number and size, with Carl Hutchinson, a 235 pound tackle, who towers 6 feet 6 inches in height, as the biggest bulk of all.

Hutchinson will be counted on to fill up one of the holes in the line left by the loss of three tackles from last year's team. The leading candidate for the twin post on the other side of the line is Dallis Marvill, a sophomore, who is no slouch for weight himself. He tips the beam at 210 and is 6 feet 4 inches tall.

The job of replacing Walt Holmer requires Hanley to find not only a full-back, but a punter and passer as well. Rus Bergherm has the call so far

for the full position and Hank Burder, junior half, who exhibited only part of his flash last season, will probably do most of the punting. Lee Hanley is slated for quarter and will handle much of the passing.

Northwestern Road Planning Bond Issue

The Chicago and Northwestern railroad asked authority from the interstate commerce commission Friday to issue \$72,335,000 of 20-year four and three-quarter per cent convertible gold bonds for refunding purposes and to pay off existing obligations, according to reports from Washington, D. C. The road sought permission also to issue 656,100 shares of common stock at \$105 for the purpose of converting the bonds which are to be offered at public subscription.
