New System at Lake County Hospital in Effect; "Pauper List"

Two chronics, who have been at the county hospital some time, have been dismissed from that institution under the powers given the authorities by the county board of supervisors last week, according to Supervisor David Van Patten, chairman of the hospital committee, who also served as a member of the special hospital investigation committee.

"The resolution went into effect the minute it was passed and it is bearing some fruit already," he said. One provision in the resolution reads that the names of all patients at the hospital, regardless of what they were admitted for, will be printed in the paper list in both Waukegan newspapers once a month. Van Patten is to get an appropriation of \$85,000 for the coming year to operate the hospital. He believes this sum will be sufficient to prevent an overdraft although it cost \$91,000 in the past year to maintain the place.

Without a note of dissension the county board of supervisors adopted the resolution that virtually swings the county hospital out of a "pay patient" class to a pauper institution. The resolution, based on findings of a special committee, provided that chronic cases, that have congested the institution, be removed as fast as possible and that the names of all patients at the hospital, except those under the contagion and emergency classification, be printed once a month in both local newspapers.

The printing of the names will eliminate, the board hopes, the usage of the hospital by politicians. This drastic action was necessary, it was pointed out in one committee meeting, to break the terrific expense at the institution.

Propose More Coach Routes in the County

Certificates of convenience for four motor coach routes linking up county towns were asked recently of the county board of supervisors by the Metropolitan Motor Coach company. The matter was referred to the road and bridge committee.

Approval by the board would allow the motor coach company to get final approval before the Illinois Commerce commission.

The routes proposed are as follows:

1. Fox Lake to Volo to Long Lake to Round Lake.
2. Channel Lake, by the way of Route 21 from the Illinois-Wisconsin line, on route 59 to a point near Lake Villa.
3. Gurnee, via Milwaukee road, to Libertyville, and thence to Oak Park and western Chicago suburbs into Chicago.
4. Mundelein to Wauconda via route 176.

The board will be addressed this afternoon by one of the officials of the company, it is understood.

There are not so many sidewalk loafers as formerly, but fortunately the curbstones stay in place without having them weight the same down.

We used to hear about the young men singing barber shop chords, but that was before the girls came in to get their hair bobbed.
