

# **DANGER!** how about that rubbish pile? Remember **FIRE PREVENTION WEEK** and install a **GAS INCINERATOR**

Every year 60% of all fires in the country are caused from accumulations of rubbish. Litters of trash and old papers collect rapidly in a home unless disposed of at once. This accumulation is a constant menace. It is giving fire a chance to sweep through your home. Banish this danger now! Have a *Gas Incinerator*

in your home and burn all rubbish easily --safely--economically. Besides rubbish, the gas incinerator will burn all garbage and other refuse --ridding your

President Hoover, commenting on Fire Prevention week, has the following to say about the benefits of vigilance against fire:

"Fire losses are in effect a tax on every man, woman and child in the United States. This is one case where the 'tax-payers,' entirely by their own efforts, can reduce the rate.

"I hope we shall have no slackers in this campaign."

premises of the unsanitary --unsightly --disease breeding garbage can. Be safe! --Install a *Gas Incinerator--Now!*
