Start Move for Series of Symphony Concerts

So successful was the series of symphony concerts given last year under the auspices of the Elm Place school, that a movement is under way looking to another series this winter with a view to making it more comprehensive in extent so as to interest more people and afford delightful and artistic entertainment for the community in general.

Letters suggesting methods of procedure have been sent out by Principal Jesse L. Smith of Elm Place school and it is understood that the suggestions are being considered favorably by music lovers in the community. It is expected that a plan will be worked out whereby sufficient funds may be raised to guarantee a very fine series of these concerts during the season.

"Mesopotamia" Subject of Lecture Oct. 26

On Saturday evening, October 26, Samuel S. Isa, a native of Bagdad, will lecture on this very interesting portion of the East, at the West Ridge school. Mr. Isa has studied extensively in the colleges of this country, served during the World War with the British and Canadian Forces on several Near Eastern campaigns, has travelled much in various parts of Europe and has served as a minister and teacher in this country and, for a time, in one of the sparsely settled regions of Canada. During his talk Mr. Isa will wear and explain the significance of the various articles of apparel commonly worn in his native country, and will show samples of the intricately worked jewelry made and worn by its people.

Irma Johnson Nixon, the instructor of Music at the Lincoln and Ridge schools will give a group of piano selections from Chopin. Many of our local people, who have heard Mrs. Nixon, realize what a real musical treat this will be.

In addition, Frank Salerno, the nationally known accordion artist, will entertain with his piano-accordion. Those who have enjoyed his radio concerts will deem it a real pleasure to see and hear this great accordionist in person.

This is the first of a series of programs to be sponsored by the West Ridge Community club and they feel themselves exceptionally fortunate to be able to obtain three entertainers of this type for their first evening. A cordial invitation is extended to the public.

The usual small admission fee will be required.

Concert Monday Night for Hospital Success; Edith Mason Is Artist

The benefit concert for the Highland Park hospital at the high school auditorium Monday evening, in which Miss Edith Mason, noted opera star, appeared as the artist, was a great success, with large attendance and everybody delighted at the beautiful program. While all accounts have not been audited, the committee in charge is assured that a good sum will be realized to turn over to the hospital.

Everyone who has mentioned the concert speaks in high praise of Miss Mason's singing, and the latter, in talking to a representative of the Press, said that she has many warm friends here and was delighted to be able to do something for the local hospital. She hopes to be able to make Highland Park her home in the near future, she intimated.

Instead of singing "Iris" for her fourth number, she offered a group of four songs, which were beautifully sung. As "Iris" is her opening opera with the Civic Opera company this fall, she was requested by its management not to sing it in previous concerts.

The accompaniment of Mr. St. Leger was all that could be desired, providing just the musical background for Miss Mason's splendid voice. Mr. St. Leger is pianist for the Civic Opera company.

The scheduled program given by Miss Mason at this concert included the following:

Program	
Batti Batti, "Don Giovanni"	Mozart
Deh Vieni, "Marrage of Figaro"	Mozart
I've Been Roaming	Horn
Aria, "Louise"	Charpentier

Allerseelen	Strauss
Standchen	Strauss
Little Shepherd's Song	Winter Watts

N. S. Art League in Memorial Session

The opening meeting of the season of the North Shore Art league, to be held in the Ravinia school Friday evening, Oct. 18, will be in the nature of a memorial to Lionel Robertson and Lawrence Buck, who were prominent members of the league.

Mr. Robertson died last spring and Mr. Buck during the summer. The two were close friends, and at the October meeting last year, at Mr. Robertson's home in Ravinia, Mr. Buck was the speaker.

Exhibit of Their Work

A special exhibit of their technical work is planned for this year's October meeting, at which time there will also be an exhibit of the summer work of the Ravinia sketch class.

This meeting and exhibit will be held at the Ravinia school. Plans were made at the first board meeting of the season held Thursday evening, September 19, at Community house, Winnetka, Mrs. Frank Peyraud, chairman of the program committee, will be in charge of the first league meeting.

The league plans to have again this year the series of evening art classes which have been so popular with the league members for the past five years, and have again secured George Oberteufer as the instructor. He is one of the most popular of the Art institute teachers, his classes always being overcrowded and the league officers feel themselves fortunate to have obtained his services for another year.

Meet Twice Weekly

Formerly the series of classes has come after Christmas but this year another group will be given before the holidays. They are to be given two evenings, late each week, the class working alone one night, and Mr. Oberteufer giving criticism the next evening. They will begin the first week in November, six weeks of classes coming before Christmas and twelve weeks after, with an intermission of about three weeks at the holidays.

The work will be portrait study from a costumed model and both beginners and advanced pupils are welcomed. The class is limited to thirty pupils and only members of the North Shore Art league are permitted to enroll.
