

### Oak Terrace School Notes

#### Eighth Grade Class Election

The two eighth grades assembled in the auditorium last Wednesday at 9:15 for the express purpose of selecting class officers. Mr. Thomas acted as chairman and Mary Macari as secretary pro tem. The following were elected: President, Bernice Swan; vice president, Daniel Baruffi; secretary, Raymond Fini; treasurer, La Verne Davidson.

#### Girl Reserves

Mr. Thomas has given the Makio Girl Reserves permission to hold two meetings of the four monthly meetings in the old kindergarten rooms of the Oak Terrace school. These girls are buying a Girl Reserve flag to have in their meeting room. The other two meetings will be held at the Y. W. C. A. in Highland Park.

#### Art Club

Miss Opitz, art teacher at the Oak Terrace school, has organized an art club for the eighth grade girls. Meetings are held every Wednesday after

school. The officers will soon be elected. Miss Opitz has planned many interesting things for the girls to do, and many useful articles for them to make.

#### Eighth Grade English Club

The eighth grade of the Oak Terrace school has organized an English club. Arthur Stupey was elected president; Rose Roth, vice president; Bernice Swan, secretary, and George Glein, treasurer. A committee has been chosen to draw up the resolutions. Among those on the committee are Marvin Brownlee, Martin Glader, Engo Doretti, and Frieda Glass. The meeting will be held every two weeks. We strive for better English.

#### How Times Change

Formerly it was the general idea that men played golf not because they liked the game, but because it was accepted as indicating they could afford to meet people who professed to like it.—The American Magazine.

We are urged by the philosophers to take things calmly, and any way the thieves and bandits seem to do so as they take things away from us.

### Chicago Radio Show Starts Next Monday

The Chicago Radio Show, which, for the eighth consecutive year opens at the Coliseum next Monday, Oct. 21, will attract radio fans not only from Chicago and suburbs, but from the entire central west. Year after year it polls the largest attendance of any exposition held in Chicago. In the million dollar display of radio sets, speakers, tubes and apparatus will be presented the latest developments from the world's leading laboratories and factories. Included are new circuits, employing the screen grid tube, remote control, improved loud speakers and scores of other surprises.

The RCA-Alexanderson system of elevision, still in the laboratory stage, but as perfect as it exists anywhere in the world, will be exhibited for the first time in Chicago. The new, mysterious musical instrument, Theremin, operated by radio waves, will likewise be shown for the first time.

### Glencoe Chamber Is Planning A Smoker

A smoker, to be held at the Glencoe Golf club, will replace the regular monthly dinner meeting of the Glencoe chamber of commerce next month, it was decided last week when the chamber held its October dinner meeting. The date for the smoker is Wednesday, November 13. At its meeting last week the chamber discussed plans for Glencoe's third annual ice skating carnival which will probably be held sometime in January if the weather is favorable for such an event at that time. Abe Simon will again head the chamber of commerce committee which is to make arrangements for the carnival.

#### Moves to Northbrook

Mrs. Frances Garrity, who has competently operated Deerfield switchboards for many years, expects to move next week to Northbrook, where she will assume charge of the telephone exchange.

## IS EVERYTHING TEMPLE RADIO

Temple's Acoustic engineers have solved radio's most perplexing problem—how to cure the hum that kills the music. How to produce pure tone, rich, faithful, flawless, unimpaired. They have created a set and a speaker in which an acoustic miracle has been worked.

Sybarites who cannot enjoy music with a mechanical flavor revel in the sheer joy of the famous new Temple tone.

Temple is all-electric, standard chassis—4x227 tubes—push pull amplification—using two new 245 power tubes—full wave rectification. A power supply over-sized in every respect in combination with the Temple electro-dynamic Speaker assures matchless tone for Temple Receivers. The Temple Console . . . \$149; The Temple Grand Console . . . \$169; The Temple 8-90 Radio-Phonograph Combination . . . \$269 (less tubes). The Temple Receivers are licensed by R. C. A. and Associated Companies.

Screen Grid Chassis Optional Equipment—at no advance in price.
