

Too many people are driving automobiles, and not enough are steering plough handles.
Formerly the full dinnerpail was a great issue in politics, but it takes the full candy box to suit the people in these times.

**Report of Lake Co.
W.C.T.U. Convention;
Interesting Program**

The 34th annual convention of the Women's Christian Temperance union of Lake county at Waukegan, October 3 and 4, was an encouraging, inspiring event. The unions of all the towns in the county reported increased membership and reviewed interest in Prohibition. Waukegan enrolled 89 new members and now has membership of 500 members. The Baby union was organized this summer at Grays lake.

Four institutes were held in different towns of the county—bringing to the people the real facts about the economic and social benefits of Prohibition with contests for medals in public speaking to interest young people. The funds of the organization are used mainly for education through literature and speakers and relief work in county institutions.

The county superintendent is encouraging the teachers of the public schools in carrying on scientific temperance education, teaching this generation the bad effects of alcohol, the necessity for Prohibition, and the Patriotic duty of obeying the Constitution and supporting the Government in proper law enforcement. The W. C. T. U. co-operates by giving prizes for best work of pupils.

The County Court probation officer told about the new court problems, the woman bootlegger, the children of bootleggers, their relation to teachers, public officers and the community.

The convention closed with stirring speech by the state president, Miss Helen Wood, telling of the work of combatting the fierce campaign in Illinois to nullify the 18th Amendment, commending the loyal stand of the last Legislature for the Constitution and the splendid example set by the Administration in Washington, and the authoritative aid to the National Prohibition cause by the President's active interest in law enforcement.

**"Young Woodley" at
New Evanston Theatre**

"Young Woodley," a play of youth which has found favor on the New York stage and on the road, will be the initial offering of the Lake Shore Production company when it makes its first appearance Thursday evening, Oct. 17, at the former New Evanston theater.

With endorsement of the Drama League of Chicago, the Drama Club of Evanston and other groups and individuals interested in providing Evanston and the north shore with drama of the better sort, the opening evening promises to be attended with special professional and social interest. Numbers of groups are arranging theater parties for the event.

The play, "Young Woodley," which will be presented the first week of the company's season, is the story of a boy's first experience with passionate love.

The population of the United States is increasing 1,400,000 a year, and if this keeps on, where can we practice singing without disturbing the neighbors?

Our bold and independent men would not dare wear a straw hat on a hot day after the summer head-gear is called in.
