

Insist on Welders Radiator Solder

It is positively the only Radiator Solder on the market that will accomplish the following results without clogging or otherwise injuring your cooling system:

- (1) Stop leaks in Radiator instantly.
- (2) Heals a broken Block instantly.
- (3) Will not clog Radiator or otherwise injure cooling system.
- (4) Will get as hard as regular solder in leaky places only in from 3 to 5 days, thus making it a 100% permanent job.
- (5) Will work in any non-freezing solution except glycerine.

Why pay \$7 to \$10 for a solder job when 75c will do just as permanent work. Ask your dealer for it. If he cannot supply you, order direct from me.

Price 75c per can

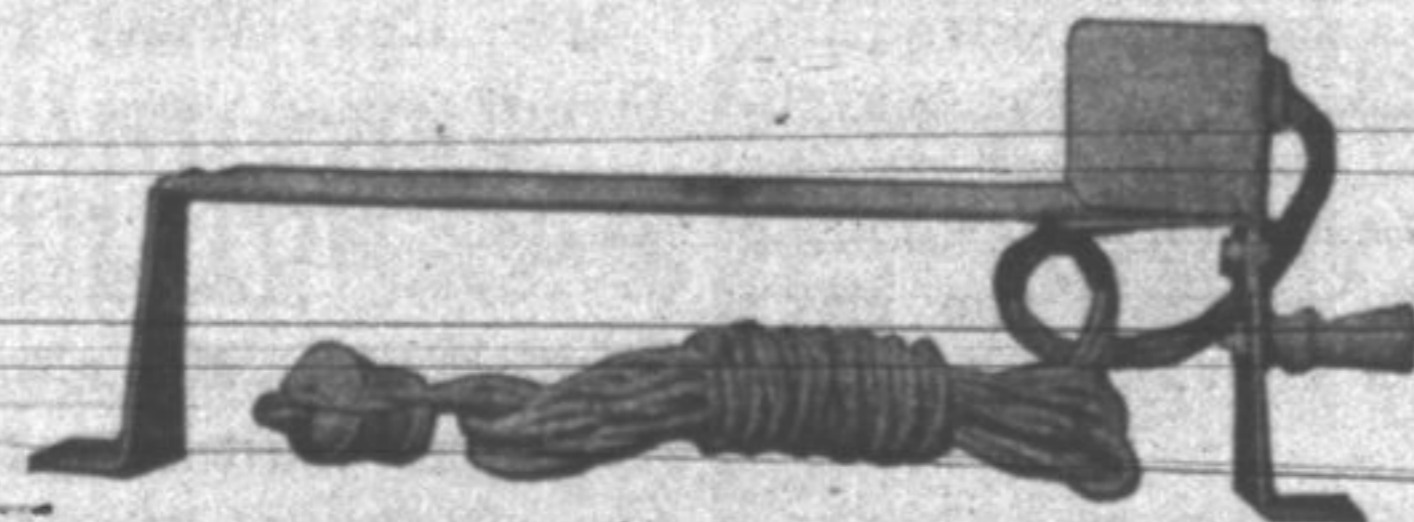

The cut shown above will give you an idea as to how

Ogren Aldor Auto Ventilators

function and look on a closed car. No poisonous gasses, no impure air, no drafts, no steamy windows. Smoking will not disturb nor inconvenience passengers; neither will the cold weather. Can be installed or removed in less than a minute. Nothing whatever about them to mar your car. You will like their looks and you will enjoy the fresh, clean air you are supplied with by their use.

Only \$3.00 Per Set

Andelco Electric Auto Heaters

They come in three sizes and will do safely and perfectly the thing they were intended to do, namely: keep your crank case and transmission warm enough to prevent oil and grease from congealing in the coldest weather. An easy starting motor is the result. Simply plug this heater in on your light socket in your garage, place the heater under your motor and forget it.

No fire hazard, economical, reasonably priced, quality equipment and unreservedly guaranteed for two years.

Mr. and Mrs. Paul White, Singing Evangelists

The pastor and officials of the First United Evangelical Church, corner of Greenbay road and Laurel avenue, have arranged to hold a series of *Victorious Life Meetings*, at their church beginning on next Sunday and continuing for two weeks. Mr. and Mrs. Paul White, known as "The Music Whites," will have charge of the singing. They are well trained and have had a wide experience in assisting pastors in special meetings. They sing solos, duets, negro spirituals, etc., with piano and guitar. Those who have employed them in the past recommend them highly.

Rev. D. E. Luttrell of Chicago will preach at 10:45 a. m. and 7:30 p. m. on next Sunday, the opening day of the special meetings. Rev. Luttrell will also preach on Wednesday evening, Oct. 23. He is a good preacher. Those who heard him on Sunday, Sept. 15, when he filled the pulpit of the First United Evangelical church, will be pleased to hear him again.

Pastor C. G. Unangst will preach a series of sermons on "The Victorious Life." The secret of deliverance from doubt, fear, anxiety and restlessness will be clearly taught. Any problem that you may have will be considered in a sympathetic spirit and the solution will be suggested. Private interviews will be welcomed.

The following is a list of the subjects that will be treated at the meetings: "The Christian's Blessedness," "The Christian's Deliverance," "Victory's First Step," "Victory Over Respectable Sins," "The Conquest of the Old Nature," "The Triumph of the New Nature," "Possible Attitudes Toward Sin," "Victory Through Christ in the Home."

Meetings for the boys and girls will be held afternoons during the week immediately after school closes. The Friday evening services will be of special interest to young people of high school age.

The Victorious Life messages will be scripturally sound and sane. Cordial invitation is extended to the people to attend these services.

Postmasters of North Shore Met on Tuesday

The regular monthly meeting of the North Shore Postmasters association was held Tuesday evening at the Green Tea Pot, Highland Park, and following a fine dinner the members

present discussed postal problems and compared notes for their mutual benefit and the improvement of the service. At this meeting the postmasters were guests of Postmaster East Highwood. The November meeting will be held in Highwood.
