

### Ravinia Woman's Club; Its Work and Purpose are Outlined; Details

(Continued from page 35)

The opening neighborhood luncheon on October 9 was a delightful, friendly, informal affair, with the guests seated at small tables where the food was served in family style by two hostesses seated at each table. When the tables had been cleared and the chairs pushed back, the guests enjoyed an afternoon of lovely songs sung by Lawrence Salerno, baritone. His old Italian folk songs were especially well done.

Following is the program for the year:

November 13—"How We Care for Delinquent and Neglected Children in Cook County," Miss Irene Kawin.

December 11—Folk songs in native costumes, Frances Coates Grace; Miss Ruth Broughton, accompanist.

January 8—(Auspices of civics committee) "The Plans for the Century of Progress World's Fair," Dr. Robert P. Shepherd, Ph.D.

February 12—"Mrs. Gullilile's Travels in Cosmetic Land," Dr. Arthur J. Crant, American Medical association; illustrated lecture.

March 12—Election of members of election committee. Speaker to be announced later.

April 9—Speaker to be announced later.

May 14—Annual meeting. Luncheon, 12:30 p.m.; reports, election of officers. A program of dancing by pupils of Mildred Haessler.

All regular meetings are open and guests are welcome always.

### Oak Terrace School Notes

#### Girl Reserves

The Girl Reserves had a short meeting in Miss de Hartog's room last Friday. The girl's initiation program was postponed because of the weather. They sang songs enjoyed by all. The meeting was then adjourned.

#### MARIE RUSSELL

**Troop 37 Has New Bugler**  
Troop 37 of Highwood has a new and able bugler whose name is John Gibson. John is a pupil at the Deerfield-Shields high school. He became a member of Troop 37 October 2 and was appointed as bugler October 11 at the regular meeting.

Wednesday, October 23, at 8 p.m.—Meeting of the Ravinia Commission.

### LIGHT'S GOLDEN JUBILEE, OCT. 21

(Continued from page 4)

ventions marked the beginning of widespread changes in living and working conditions.

Cities have been transformed; homes have been made more beautiful, more comfortable, more healthful; travel has become safer and more enjoyable; enlightenment has spread; amusements have multiplied, the opportunities for useful employment have been widened immeasurably; and conveniences that were unknown to our grandparents have become innumerable.

Never in the history of the world have the benefits of any other invention been enjoyed by as many people as are participating in the advantages that electric light has brought to mankind.

Thomas Alva Edison also is the inventor of the multiplex telegraph system, the Universal stock ticker, paraffin paper, the carbon rheostat, the electric railway, the electric power system, the motion picture camera, the alkali storage battery, the motion picture talkie and hundreds of other devices, electrical and otherwise. His gifts to the world are manifold, but the greatest of them is the electric light.

Edison himself selects his invention of 1879, the first practical incandescent electric lamp, as his greatest work, and rightfully so. Light, a universal necessity, has been made universally available through his genius.

And on October 21, 1929, the world will mark, with appropriate ceremonies and universal gratitude the 50th anniversary of Edison's great contribution to the progress of mankind, in the observance of Light's Golden Jubilee.

#### PROCLAMATION BY ACTING MAYOR WM. REAY

To all to whom these presents shall come: About a hundred years ago an English druggist dipped splinters of wood in some sort of homemade firepaste and developed the forerunner of our common house match and a more convenient method of producing light or fire. Half that many years ago Thomas A. Edison started the world and started a new march of progress through his perfection of the incandescent electric lamp, an event far reaching in effect—both socially and economically.

This and other inventions of Mr. Edison have tremendously influenced the course of life in America and throughout the world, and fifty years later it is fitting that this fact be celebrated by a grateful people who have reaped the benefit of his great achievements. Special tribute should be paid this great American whose genius is responsible for so many blessings to mankind and whose handiwork has made easier the splendid development of America.

A Light's Golden Jubilee is being sponsored by a nationwide committee of distinguished men and women headed by President Hoover, and October 21 has been set aside as the date for the final celebration of this jubilee.

THEREFORE, I, Wm. Reay, Acting Mayor of the City of Highland Park, do hereby designate and proclaim October 21, 1929, as the time for official observance of

LIGHT'S GOLDEN JUBILEE and request that flags be displayed and that city and school officials cooperate to make it an appropriate celebration.

IN TESTIMONY WHEREOF, I have hereunto signed my name officially and caused the seal of the City to be impressed hereon at Highland Park, this, the 16th day of October, A.D., 1929.

WM. REAY, Acting Mayor

### Give Talk Friday at Deerfield School

In a manner, which greatly pleased the children, Mr. N. K. Dhalwaini of Bombay, India, in colorful native costume gave a most interesting lecture in the assembly room of the Deerfield Grammar school, Friday morning. He was ably assisted by his wife, Mrs. Dhalwaini, who amused her audience when she put on a dress made up of 50 feet of gorgeous sheer vividly colored material. The mystery of hat or turban making was also revealed.

Mr. Dhalwaini was born in India and came from a family of 15 children. In his early youth he came to America, where he worked his way through college. He has made a number of trips back and forth to India and has been touring the United States for the past 18 years giving these very worth while talks to children. Mr. and Mrs. Dhalwaini have one daughter who is being educated in Chicago.

### Fashion Show at Stevens Hotel Oct. 22

The third annual St. Lukes Fashion Show will be given October 22 in the Grand Ballroom of the Stevens hotel. There will be two showings, one at 3:30 at which tea will be served and the other at 7:30 at which there will be a dinner and dance. This fashion revue is held under the auspices of the Womens Board of the St. Lukes hospital.

The women in charge are: Mesdames, J. W. Geary, general chairman; Walter Wolf, chairman of Fashion Revue, Charles Yore, charge of sale of boxes; Watson Armour, in charge of tickets; George Ranney, in charge of Mannequins; August Eddy, program; W. H. Mitchell, co-chairman; Henry Perrow, chairman of publicity; I. Cudahy, table reservations; Howard Lynn, designer of stage setting. Fred Waver is training the mannequins.

The modern methods of modeling are being used, also a new lighting effect.

For dinner reservations call Superior 8745. The Fashion headquarters are in the Palmolive building.

The debutantes and some of the young married women will act as models.

### Asserts Jealousy Foils World Peace

With acceptance by the United States of the British invitation to the London navy reduction conference the latter part of January, the Rev. Frederick L. Gratiot, S.T.B., rector of the Church of Our Saviour, 530 Fullerton parkway, chose to speak on "World Peace and Universal Brotherhood" Sunday morning.

There are two enemies to world peace, he said. They are jealousy and greed. Controlling them within the body politic is the function of religion from the point of view of a statesman, in the Rev. Gratiot's opinion.

The Rev. F. L. Gratiot was formerly assistant minister at Trinity Episcopal church and is well known here.

Prize Hallowe'en Masquerade at Witten Hall, Thursday, Oct. 31

### Six Cars Wanted to Take Band to Game

Who will drive an auto to help take the high school band to Oak Park Saturday for the football game between Deerfield-Shields and Oak Park?

The Highland Park Chamber of Commerce has undertaken to provide transportation for the band, as it has no funds for this purpose. Everybody knows how it helps the morale of a team to have its school band along on an occasion like this, and it should not be hard to get cars for the occasion.

Six cars are needed. Anyone who is willing to drive to the game and take some of the band members along is asked to call Paul L. Udell, chairman of this committee. Tel. 557.

#### Too Much Hurry

Many people who are in too much of a hurry to arrive, will find only what they took along. — Woman's Home Companion.
