CHEVROLET SIX

SINCE January 1st, over a million one hundred and thirty-five thousand six-cylinder Chevrolets have been produced. Naturally, this is an outstanding industrial achievement. But it is more than that. It is a great public endorsement of Chevrolet's policy of progress: *to build a quality automobile whose design incorporates every possible feature of progressive engineering . . . whose beauty is distinctive, smart and satisfying . . . whose reliability is assured by fine materials and precision manufacture . . . and whose price is so low as to be within reach of the great majority of the people.* We want you to know what this policy has meant in the development of the Chevrolet Six—*the modern car of universal appeal.* We want you to know that Chevrolet has brought within the reach of everybody, everywhere, all the advantages of smooth, six-cylinder performance.
