

*We must have your co-operation,
too*

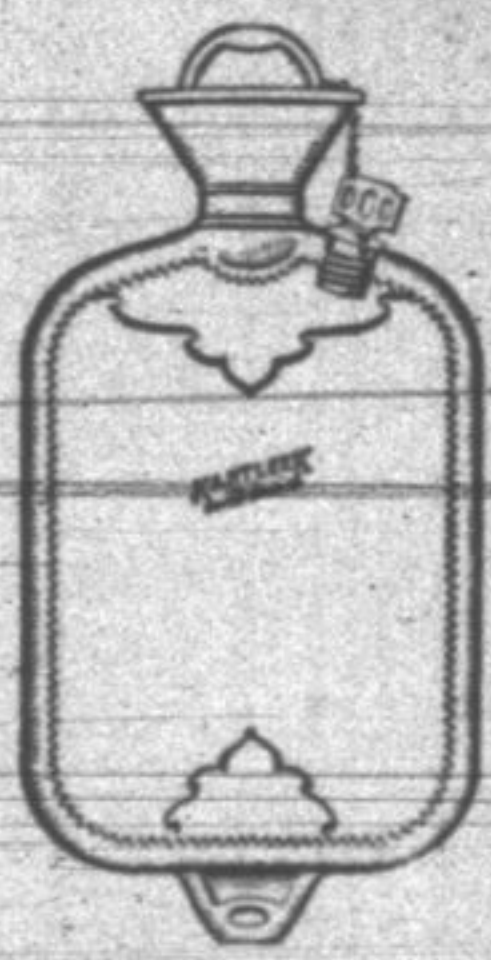

Don't expect the bank to carry the whole burden—give it a chance. As a depositor you have an obligation, too. You owe it to us to maintain a good balance and a good business reputation. You want to do business with an institution whose depositors are respected. Remember that you are one of them.

The best way to build up and maintain a good business reputation is to be honest and thrifty, and manage your affairs in a business-like way. Make your word as good as your bond. Save a part of what you earn. These things are the fundamentals of success.
