Next Sunday is "Armistice Day Sunday." Never since the World war has there been greater interest in all questions relating to war and peace than at present and to pass them by at this time without attention would be to ignore the very vital implications effecting religion and the churches which adhere in the subject. Next Sunday morning the pastor will speak on the theme, "What will bring World Peace?"

Next Sunday evening the pastor speaks at the first of a series of Sunday evening services at Ft. Sheridan. This service begins at 7 o'clock and is open to the public as well as to the soldiers. Some of our people will attend with the pastor and furnish special musical numbers.

The Woman's Foreign Missionary society will meet with Mrs. Himmler on Logan street. All the women of the congregation are invited and will find much of interest in the splendid program to be given.

The two organized club-classes of boys and girls will hold a joint social meeting next Wednesday evening at the church social rooms. It is expected that Mr. and Mrs. Jefferson will be present as guests of the young people on that night.

My friend, are you in any way interested in religion? If you are not you should. You should support any institution which tends to make the community better in which you live. You should be anxious to take your place in the line of greater endeavors. The church is training boys and girls, men and women, to be better neighbors and citizens in the community and toward one another. The church has a place of great importance. Visit the church, become interested and support it.

If you are looking about for a place of worship, the Zion Lutheran church welcomes visitors. Your place

should be in God's House on the day of Sabbath.
