

CLOCK IS DEDICATED AT LINCOLN SCHOOL

ties and cheered those with whom she came in contact.

History of Memorial

After her death in September 1928 the members of the Lincoln School Parent-Teacher association, under the leadership of Mrs. Watson Harmon, then president, resolved to give expression to their unanimous regard for Mrs. Seyfarth by the installation of a school clock, so placed upon the outer wall of the building as to be unobstructively ornamental and hourly useful to the community.

The project was executed by a Parent-Teacher committee ably led by Miss Ethel Goddard. Those speaking yesterday at the simple ceremony of dedication were Mrs. Watson Harmon, Mrs. Margaret Freeman, Mr. Clark G. Wright and Mr. D. M. Blaiser.

Inscription

Beneath the clock on the outer wall of the school house is a small metal plate bearing the inscription in hand-wrought letters, "Dedicated to Nell M. Seyfarth."

"HOW MY FEET HURT"

"Then an imprint of my foot showed me what was wrong. Tight, pointed shoes were cramping and distorting the toes, foot muscles and metatarsal."

If your feet are in a weakened condition ... if they throb with pain, you'll find quick relief with Ground Gripper shoes.

Only Ground Grippers combine the following vital principles of the correctly built shoe:

1. The Flexible Arch, which allows the foot muscles to exercise and thus strengthen themselves with every step.
2. The Straight Inner Line, permitting the toes to function with a free, strong, gripping action.
3. The Patented Rotor Heel, which helps you toe straight ahead, the normal, natural way.

Ground Gripper shoes have helped thousands of foot sufferers ... and they'll help you.
