MIDDLE WESTERN DIVISION

Grammar School Notes

Elm Place

Thanksgiving Program

This year Thanksgiving is on Thursday, November 28. Some of the pupils of Elm Place are giving a Thanksgiving program Wednesday afternoon at 2:30 in the auditorium. Thanksgiving pictures will be shown on the screen as usual. "The Courtship of Miles Standish" will be presented by the sixth grades under the supervision of Miss White. Poems will be read and pieces will be said.

We are all hoping to have a pleasant time during Thanksgiving vacation.

Basketball Begins

The basketball season of Elm Place school started November 21 with a meeting consisting of one representative from each room.

It was decided that Mr. Leech would coach the team every afternoon and two nights a week and play off the games on a Friday.

The prospects look bright for our boys. The Oak Terrace team is considered as a formidable rival this year.

Some of the last year's lightweights will have to play on the heavyweight team because many of the boys put on weight during the summer.

Julio Goffo, 8A.

Radio Program Heard

Last Friday, Elm Place pupils enjoyed a radio program, given by Mr. Walter Damrosch. The program was based on a variety of rounds. Mr. Damrosch gave a short talk on repetition. The radio was lent to us through the courtesy of the Balkite Machine.

Hockey Sticks Arrive

A few weeks ago Miss Goddard ordered some hockey sticks for the girls in the seventh and eighth grades. They have arrived. They are attractive as well as strong. They are striped with red and white, and made out of strong wood. During play periods, if weather permits, we all play hockey.

We want to thank Miss Goddard and Mr. Wright for the fine sticks. Katharine Johnston, Grade 8.

Lincoln School Notes

P. T. A. Meets

The November meeting of the P. T. A. was of exceptional interest to those present. It was held in the auditorium, and was principally a musical program.

The Eighth Grade Girls' Glee club sang two songs.

Mrs. Young, the chairman of a skating rink committee, reported that the hoped-for rink was to be a reality. We are all very happy to thank the P.T.A. for the skating rink. It will be lighted so that skaters will be privileged to enjoy this sport after dark. The size of the rink will depend on how much money the ladies can collect.

Miss Roberts, the Dalcrose teacher had charge of the interesting pro-

gram. She explained what Dalcrose was. There is a man whose name is Mr. Dalcrose who thought that if you could walk with rhythm you should be able to play the piano with rhythm. Every dancer should have some Dalcrose because they can't dance if they have no rhythm.

Miss Roberts demonstrated a lesson in Dalcrose with several groups of children. The Kindergarten and First Grade children acted just as they thought the music sounded. They were horses, butterflies, ponies, soldiers, and Indians. The older class kept time and showed how rhythm was analyzed. They closed their eyes and kept time with their arms.

Then three girls from Chicago showed advanced Dalcrose. They expressed with their bodies the moods of grief, despair, sorrow, and happiness. The girls then showed what they would do if they had a scarf or an umbrella, which was very amusing.

Dalcrose not only helps one to be alert, but it is good exercise and teaches one to concentrate.

The December meeting of the P. T. A. will be held in the Lincoln school auditorium on December 4, 1929.

Mrs. Henry Raeder Jr. who has been an advisor of children's books and toys at several large department stores, will be the speaker on that subject.

There will also be an exhibit of books and toys.

Uses Wood from Lady Elgin in Building of Unique Smoking Stand

Alvin B. Hill, expert cabinet-worker and wood-carver of 606 Glenview avenue, on Tuesday exhibited in the city hall a unique smoking stand which he has recently completed, made of various kinds of wood expertly inlaid, among which are portions of a mahogany door which at one time was part of the cabin of the ill-fated steamer, Lady Elgin, sunk off Gross Point about 45 years ago in one of the historic wrecks in this part of Lake Michigan. Mr. Hill's father salvaged portions of the wreckage, and thus Mr. Hill came into possession of the door. The smoking stand contains 18,600 pieces of wood and represents four and one-half months of work on the part of its maker.

Ravinia Village House Calendar

- Applications for the use of the Village House should be made to Mrs. Arthur Raff, tel. H. P. 1152.
- Friday, Nov. 28, at 7:30 p. m. — Boys' scout meeting.
