

# YOUR CHILDREN'S HABITS

While your children are young, they are forming habits that will stay with them through life.

Are they forming the habit of thrift?

Are they learning to save a little money regularly?

A bank account of their own will help mightily to teach them the habit of thrift.

One dollar will start a bank account for a child. It will start more than that. It will start the habit of saving that is the best assurance of success when the child is grown.
