*Frigidaire equipped with the new Hydrator now offers an extra service... See our special demonstration today.*

Now, you can have moist, reviving cold for vegetables and dry, frosty cold for meats and other foods—both in the same cabinet. You can have the right type of refrigeration for every kind of food. You can enjoy a new convenience in your kitchen. All of these advantages are brought to your home by the new Frigidaire Hydrator.

Celery comes out of the Hydrator crisp and brittle. Lettuce takes on a dew-drenched freshness. Tomatoes become

firmer. Parsley, cress and other garnishes almost seem to grow again!

You'll want to know more about the Hydrator. And you'll want to know more about the "Frigidaire Cold Control." You'll want to see and examine the beautiful cabinets in rust-proof Porcelain-on-steel inside and out. So make it a point to attend our special demonstration.
