Dr. Cramp to Lecture at Ravinia Village House February 12th

On February 12th, at 8 in the afternoon, at the Ravinia Village House, Dr. Arthur J. Cramp, director of the bureau of investigation of the American Medical association, will give an illustrated lecture entitled "Mrs. Gullible's Travels in Cosmetic Land."
 The functions of the department referred to are wholly educational. It gathers information on the nostrum evil, quackery and allied subjects from state and municipal boards of health and technical journals, as well as through original investigation. Much analytical work is done in the chemical laboratory of the association. It disseminates this data to all who make inquiry. Official bodies, as well as persons holding public and semi-public positions, freely utilize the findings of this thoroughly efficient organization.
 Thus, one may readily concede that Dr. Cramp is in a position to present authoritative and exact information on his subject. He happens to be, in addition, one of those rare individuals who can stay within the bounds of accuracy and still inject a deal of human interest as well as a vein of scintillating humor into his discourse.
 The public is cordially invited to participate in Dr. Cramp's instructive and highly entertaining lecture. Tea follows as usual.

"The Trespasser" and "Rio Rita" at Alcyon Theatre Next Week

The greatest lineup of shows ever to be presented at any one theatre during a single week is starting at the Alcyon Saturday with a big double feature bill. The only talking pictures of the sensational world tour of the Graf Zeppelin and "In the Headlines," a thrilling newspaper story with Marion Nixon and Grant Withers; which will also be shown at the popular bargain matinee. Sunday the famous Gleasons will be seen and heard in their famous comedy hit "The Shannons of Broadway."

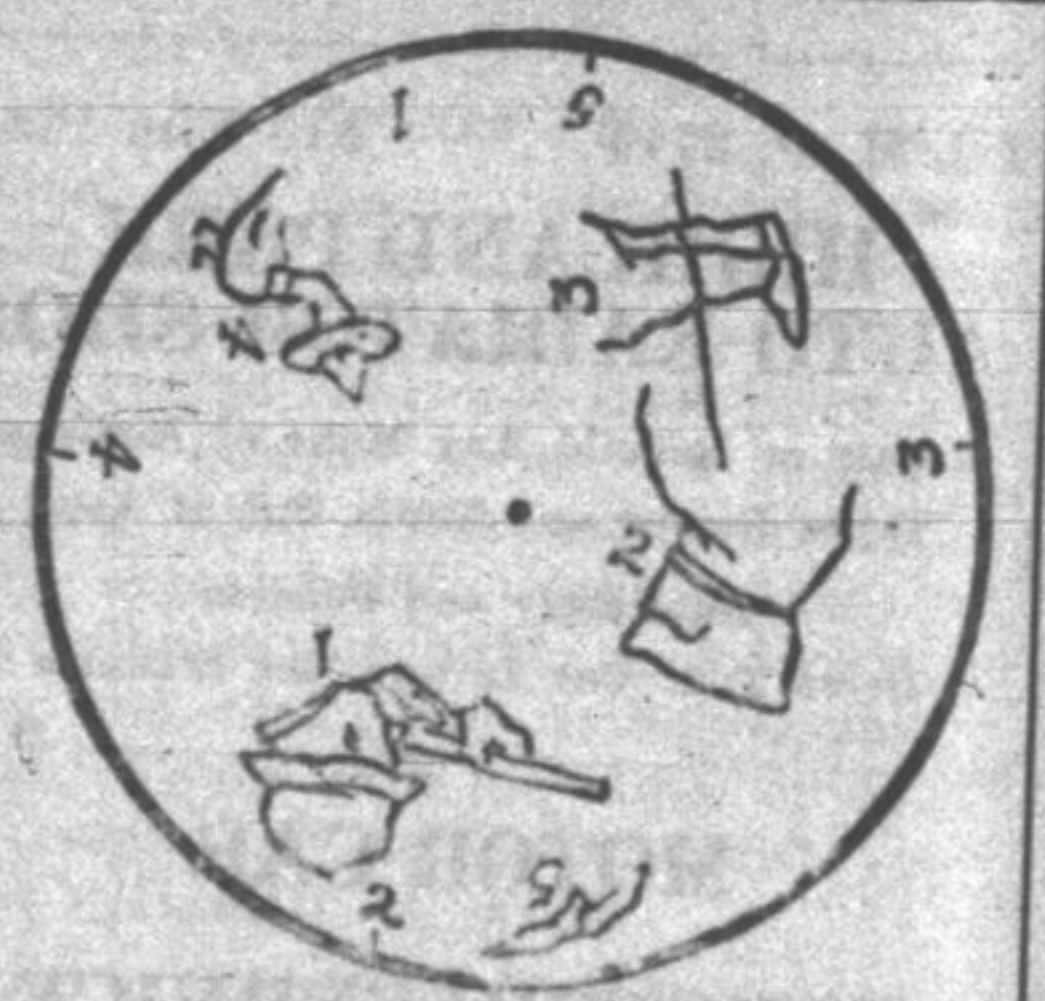

For the first time in her successful career, Gloria Swanson will sing and talk in her latest starring vehicle "The Trespasser" which will be the attraction at the Alcyon next Monday, Tuesday and Wednesday. "The Trespasser" is a drama of the moment. Its setting is Chicago; its environment the smart set; and through its intimate study of a girl who becomes a trespasser in this restricted social sphere and in the life of its people, the story delves into vital affairs of life. In a part said to be the most dramatic she has yet essayed, Miss Swanson at the same time reveals a wardrobe that is even more modish than any she has worn in the pictures which earned her sartorial distinction.

The first great dramatic spectacle of the talking Florenz Ziegfeld's famous operetta "Rio Rita" comes to the Alcyon next Thursday, Friday and Saturday, with John Boles (star of "The Desert Song") and Bebe Daniels heading a gigantic cast of players, singers, dancers, beauties and specialty performers. "Rio Rita" takes its place among the great screen plays of all time. Much of the film was photographed in natural color and the sets and costumes are said to have outdone anything seen on the talking screen. The management urges everyone to attend the early shows in order to avoid standing in line, in order to accommodate the expected record crowds the doors will be opened at 6:15. Show will start at 6:45 sharp.
