Now you can put  
 vegetables in  
 wilted... and  
 take them out  
 crisp!

The Frigidaire Hydrator restores freshness and flavor to wilted vegetables and keeps them fresh until served. See it at our showroom today.

The Hydrator is a marvelous new, moist-air compartment that is now standard equipment on all household Frigidaires. And it provides an invaluable extra service. It makes celery brittle and delicious. It adds a new crispness to lettuce. It gives tomatoes the freshness and flavor of tomatoes still on the vine. Once you see what it does you'll marvel that a device so simple can mean so much in the kitchen.

You'll marvel too, at the speed with which you can freeze desserts with the famous "Cold Control." And you'll be de-

lighted with the many other features that Frigidaire offers. See the complete demonstration now going on at our displayrooms.
