WINDOW-BOX CONTEST FOR CHILDREN, PLAN

Local Feature of Better Homes
in America Drive; Prizes
Are Offered

In connection with the local phases of the annual Better Homes in America campaign, Mrs. Howard G. Kornblith the chairman for Highland Park, in a letter to the Press, suggests a window box contest for children to increase interest in the beautifying of homes. Her letter says:

"The suggestion from headquarters that we have a poster campaign in our schools is both stale in our community and an obvious advantage to the gifted child besides not having any direct influence on beautifying the home.

"After consideration, I came to the conclusion that a window box contest would be most significant, not only in beautifying the home but also the public and commercial buildings of our community. The boxes can be planned and executed in the departments of manual training and arts and nature study classes, as the boxes are to be planted with early growth for the period April 27 to May 3, inclusive.

"The following local stores are offering prizes of the choice of athletic goods or gardening and carpentering materials:

"Ravinia Hardware Co., Huseneter Hardware Co., Meierhoff Hardware Co., Highland Park Hardware Co., Central Hardware Co., Hunter's Sport Shop, J. B. Garnett Co.

"We hope all the boys and girls of Highland Park will participate in
