High Court Reverses Woodmen Case Verdict

Reversing its previous decision the Illinois supreme court, at Springfield last week, approved the rate charges made by the head camp of the Modern Woodmen of America, holding that the society had authority to make the changes in its effort to maintain solvency.

It appears that the stock market would be satisfactory if the buyers would be satisfied with paper profits.

The figures also show that this total represents 211 such claims actually handled through the service department.

Polka Bros. Owners of Deerpath, Buy Theatre at Crystal Lake; Ninth

Polka Brothers of Maywood, owners of the Derpath theatre in Lake Forest, have added the ninth theatre to their string of movie houses by leasing for a period of ten years from March 1, 1930, the El Tower theatre at Crystal Lake. In addition to those at Lake Forest and Crystal Lake, Polka Bros. have theatres as follows, two in DesPlaines, and two in Park Ridge, and one in each of the following towns, DeKalb, Sycamore, and Geneva.

In commenting on the lease of the Crystal Lake theatre, President Kirchberg of the company owning the building, is quoted as saying: "Polka Brothers are indeed fortunate in the acquisition of the El Tovar, and I consider we are fortunate in securing them as lessees for our house. We are satisfied, from the atmosphere of the other houses in their chain, that they will fulfill the purpose for which our theatre was built."

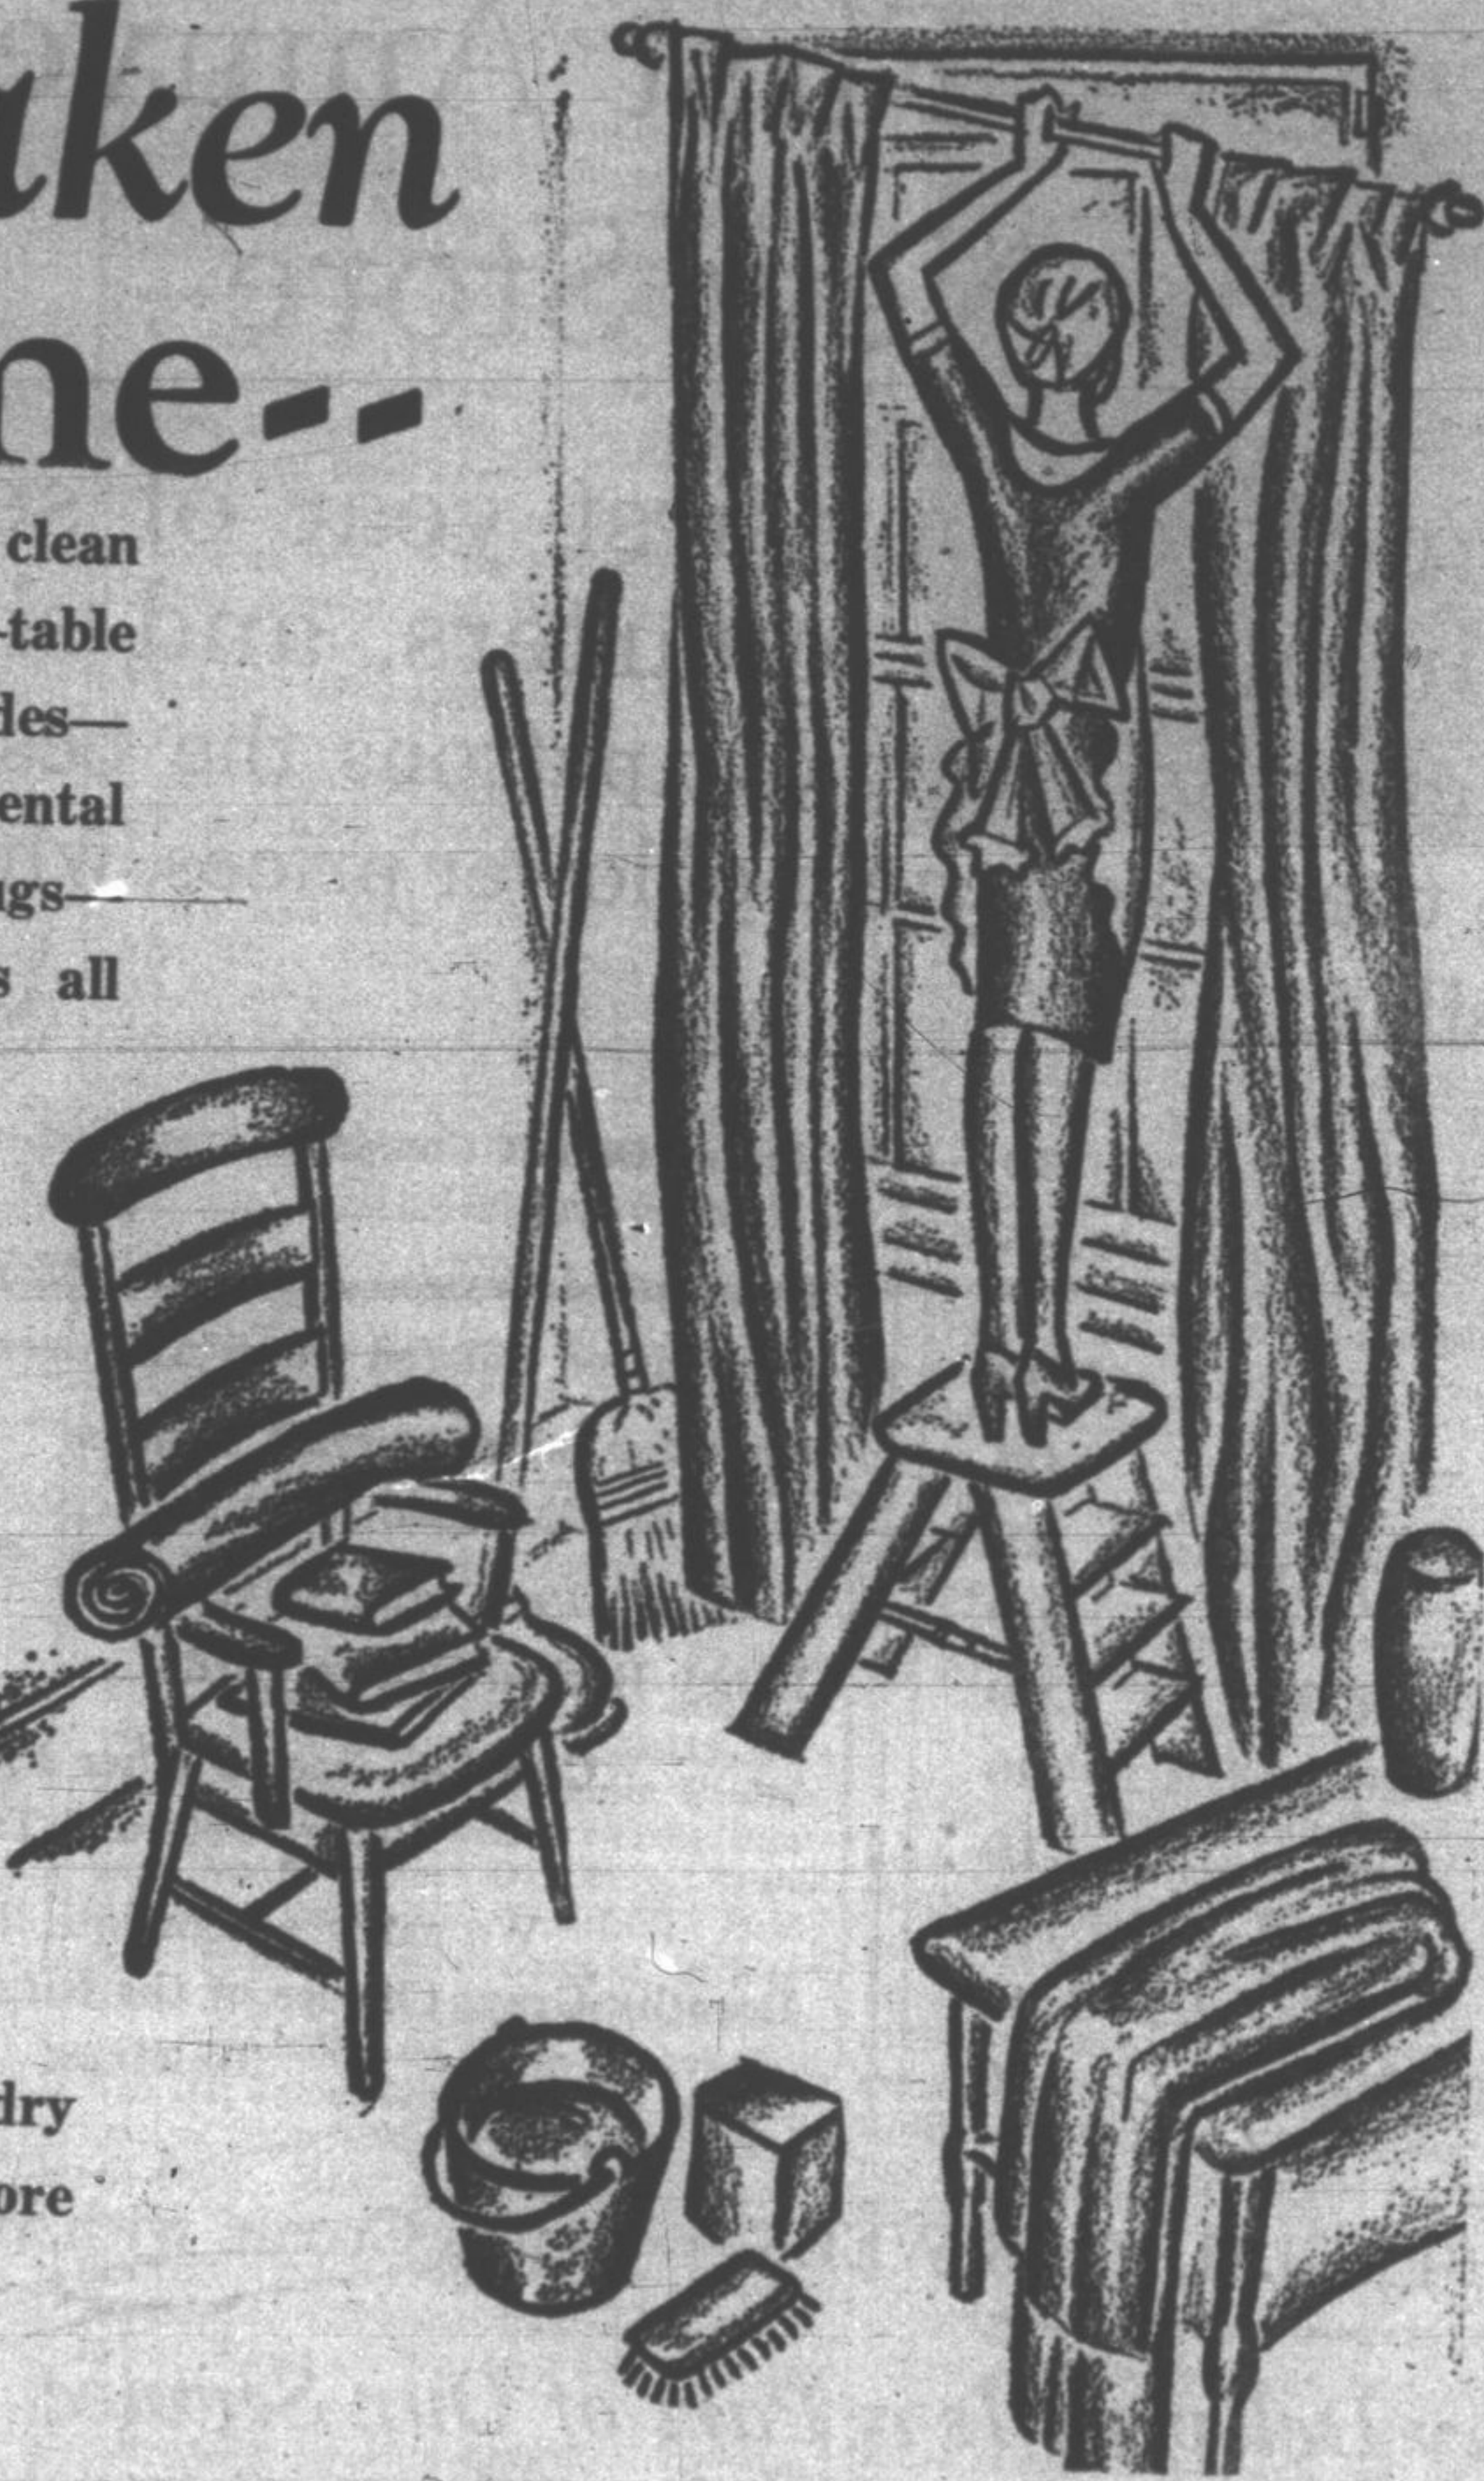

Walter H. Wilbur, who with Mr. Kirchberg, had much to do with the success of the project, says: "I congratulate Polka Brother, not so much on their choice, but rather upon their opportunity. We have built the best, and I am convinced that Polka Bros. can and will give our community the entertainment it deserves."
