

STUDENT STUNTS TRYOUTS TO BE HELD MARCH 17

P. T. A. Committee to Judge Try-Outs by Clubs and Individuals

First try-outs for Deerfield-Shields high school "Student Stunts" program are to be held next Monday, March 17, in the auditorium before a P.T.A. committee, composed of Miss Bredin, chairman, Miss Connelly, Mrs. Peers, Mr. Peers, Miss Comer, Mrs. Herbert Smith, Mrs. W. Danley, Mrs. A. W. Jenkisson, and Mrs. E. R. Jerome.

Clubs and Individuals Plan Stunts

Plans are being made by several organizations and clubs to present stunts, and many individuals or groups of individuals are working out skits and acts.

The committee hopes that a great number of individual students will present stunts which they themselves have worked up. These stunts need not be in finished shape at the first try-outs. All the judges ask is that the stunts be in such shape that they can tell approximately what they look like.

Orchestra Working on Fantasy

The orchestra is working out a presentation of the "Old King Cole" fantasy, with pantomime, minuet, and songs. Miss Comer and Mr. Kendig are helping with this.

The band, also, will in all probability play a few numbers. Several of the boys in the band are planning feature acts.

Miss Thompson's tumbling and clogging teams are planning on putting on stunts. Mr. Kendig's tumbling team will also participate.

Pot Pourri Plans Skit

Pot Pourri, the Writer's Club, is planning on entertaining a short skit in the try-outs. The skit is being written by the members of the club, and they will take part in it.

A chorus dance in short skirts and everything "native" is being worked on by a group of upperclass boys.

Miller (Hot Foot) Worthington, who made such a hit last year on the Student Stunts program, is again entering the try-outs.

Building Report for February Shows Gain

Building improvements in Highland Park for which permits were issued from the office of Building Inspector S. D. Morris total in estimated cost \$92,500. They include three dwellings, \$79,500; three private garages, \$1,200; six alterations, \$11,800. The total amount of fees for these permits was \$321.34. The total estimated value of improvements started in February, 1929, was \$58,600. This shows a considerable gain in last month's report over that of the same period a year ago.

Other permits issued and fees charged last month were: 18 electrical permits, \$58.40; three tanks, \$16; one sewer tap, \$5; one water tap, \$30; two registrations, \$50; total fees, \$480.70.

Lake County Man Has Plan for Income Tax Bill for This State

Outline of a measure providing for an income tax in the state of Illinois which he and others intend to present to the state legislature for passage, has been prepared by Harry Medill Bartlett, former justice of the peace at Libertyville. Mr. Bartlett recently

sounded out the opinions of state officials on the matter while on a visit to Springfield.

The resolution being prepared by Mr. Bartlett has the endorsement of a number of state organizations he declares all of which are in favor of a state income tax that will entirely replace the real and personal property tax. All single persons making \$2,000 a year or less and married persons making \$5,000 a year or less

would be exempt from the tax under the measure.

The draft of the bill states in its preamble that the federal government obtains more than 80 per cent of its revenue through income tax and but 4 per cent from taxes on personal or real property. The state on the other hand obtains more than 80 per cent of its income from real or personal property.

Thursday, March 13th, we start a special 9-day demonstration of the new Frigidaire HYDRATOR

Desserts and salads
will be served. New
recipe books will be
given away. Be sure
to attend

HERE'S your opportunity to find out all about the marvelous new Frigidaire Hydrator.

On Thursday, March 13th, we start a special 9-day demonstration—one of the most interesting ever held in our showroom.

We will show the Hydrator in actual use—just as you would use it in your home. You will see how lettuce is made tender and brittle by the Hydrator's moist reviving cold. You will see how celery and radishes take on added crispness—how tomatoes are improved in texture and flavor.

And that is not all you will see.

The latest household cabinets in Porcelain-on-steel will be on display. The famous "Frigidaire Cold Con-

trol" will also be demonstrated. You will be shown how this device freezes ice cubes faster—how it permits you to make scores of unusual desserts that require extreme cold.

Will you be our guest?

SPECIAL OFFER

Until Saturday, March 22nd

We are prepared to make a liberal special offer to all who buy Frigidaire during our 9-day demonstration. Let us tell you about this offer. Let us tell you about our easy payment plan. Come in at your first opportunity. We will be open evenings until ten o'clock every day of the demonstration.
