

## St. Paul's Wins Return Game with Northbrook

For the second time this season St. Paul's basketball team of Deerfield has met Northbrook and defeated them. This game was played upon Northbrook's own floor, and added to that, the handicap of fast backboards, the team from Deerfield came out on the long end of a 26 to 24 score.

The game as a whole showed signs of good basketball, but was marred by the fact that Forbes the referee was unable to hold things in hand. His inability to look a foul in the face and call it a foul meant plenty of roughness. Bleimehl of St. Paul's seemed to be the one man Northbrook wanted to climb all over. In spite of this fact he counted for five points.

The high point man for St. Paul's was Segert with six field baskets and one free throw to his credit. Holfelder of Northbrook made four field goals.

The Thomas Bros. act was very consistent. Jack under the basket was dangerous. Frank on the defense was a wet blanket for Richards the high point man of the first game. The first game Richards made eight field baskets, Thomas held him to two in

this game with one of them of the horseshoe shape.

For Northbrook, real floor work was done by Richards and Ericksen. Their floorwork with the pass and break system was a wonder to watch.

With two minutes to play to the first half Deerfield was leading by five points. With a substitution of three men Northbrook was able to tie the score at the half 14 all. Northbrook started the second half with a bang, but at the end of the third quarter the score was again tied, 18 to 18. With seven minutes to play of the final period Northbrook was leading by five points but after St. Paul's was able to get out of the scramble they pulled up and went ahead and held it until the final gun.

## Ahlstrom Says He Will Name A Woman Deputy

Edward Ahlstrom, candidate for nomination for sheriff at the April 8 primary, in an advertisement in this issue pledged himself to appoint a woman deputy sheriff with salary if he is elected to the office of sheriff. His announcement gives as reasons for this move the need of a woman matron at the county jail, woman escort for female prisoners to other institutions and for investigation of delinquency cases in which girls and women are involved.

## Moose Order Offers Sickness Protection Insures Pocketbook

It is said in England that Lloyd's, the internationally famous insurance company, will write insurance on anything. Do you plan a day's fishing or cricket? Let Lloyd's insure you against rain. Does Madame wish to insure her new gown? Let Lloyd's do it. Twins and even triplets are in a measure welcomed by a father who has thus insured against them.

Now comes a fraternity that offers to insure one's pocketbook. True, it cannot be expected to insure its contents every time it goes flat. Neither does this fraternity agree to provide enough money to meet each month the installment on automobile, radio, player piano, or engagement ring.

Yet, in a very real sense, this fraternity does make sure that the pocketbooks of its members—at least those in good standing—will always have something in them with which to purchase life's necessities during times of stress and strain. Thus the wage earner who suddenly becomes sick or disabled, and who carries such insurance, will be restored to health more speedily if he knows that no wolf is howling and pawing at his door.

### Simple Example

Let us give a simple example to show how this pocketbook insurance operates. A member of this Order the Loyal Order of Moose—becomes sick or suffers serious disability at the plant. In the majority of such cases, the weekly pay envelope immediately is stopped. But, unfortunately, the desire for food, the need of clothing, shelter, and medical care never stops. The sick man and his family must have the necessities of life every day of living. A Moose member on falling ill need not fear that these necessities will be withheld as was his pay envelope. For does not his order insure against just such an emergency in the home?

True, the sick benefits will not make him wealthy, as the fabled lamp made Aladdin when he rubbed it; but they come in volume, sufficient to keep sweet his credit with his butcher, baker, and candlestick maker.

And that is the important thing, for if a man show faith with the tradesmen who supply him with the daily needs; if he keep his credit account active with them in times of crises, he will get from them more, perhaps, than he can pay for at the time; that he will pay for in a happier time when his health is restored. Again, should the breadwinner's sickness or disability result in death, then his widow's pocketbook will be replenished to meet the most pressing needs that come during this greatest of life's tragedies.

### Deerfield Locals

The Ladies' Get-Together club will not hold a meeting in March, but will meet on the third Tuesday in April.

Mr. Harold Youngs spent last week in New Orleans, La.

Mrs. Arthur Wagner and infant daughter have returned to their home in Deerfield from the Highland Park hospital.

## Legion Auxiliary Holds Fine Meeting

A very interesting meeting of the Deerfield American Legion auxiliary was held at the home of Mrs. Frank Peterson on Monday evening.

Mrs. J. Brown, eighth district committee-woman with Mrs. O'Neill and Mrs. Hesterman of Lake Forest were honored guests.

The president, Mrs. Mau, reported that she had made and sent thirty St. Patrick's favors to patients at Edward Hines Jr. hospital.

The unit decided to assist the Legion when they would hold the district meeting Friday, May 16th.

In carrying out the Americanism program the unit and post will again share equally in awarding the prizes for the essay contest to be conducted by pupils of local schools before Memorial Day and the committee was given full authority to proceed with the contest.

Mrs. Tennerman gave a detailed report of the needs and poverty stricken conditions of a local family and funds were appropriated for their immediate relief.

Favorable action was taken on contributing to a special rehabilitation fund on the basis of ten cents per capita as explained by Mrs. Grace B. Tibbal in the Illinois Legionnaire.

Mrs. Brown outlined the National Defense fund program and told of the tennis court at Fort Sheridan for C. M. T. C., which auxiliaries in the state have arranged to finance, and Deerfield unit voted to give ten dollars to the fund.

She also said there were 450 orphans at Normal and quite a number who had not been adopted by any unit, and as much as paper flowers were among the things they enjoyed receiving, the unit decided to make some at their next meeting and send them for Easter.

Mrs. Brown said Poppy day would probably be the Saturday previous to Memorial day and that Deerfield was expected to sell eleven hundred veteran-made poppies.

She particularly stressed membership and said only through a large membership can the unit or auxiliary as a whole hope to accomplish and carry on the great work of rehabilitation, child welfare and Americanism.

Mrs. Tennerman was appointed chairman of the committee to draw up the constitution and by-laws for the local unit.

Following the business session refreshments were served by the hostesses, Mes. Peterson, Frost, and Neargarder.

## Otto Funke, Prominent Northbrook Realtor Is Dead; Sister Lives Here

Otto Funks, brother of Mrs. George BoBck of this city, and a prominent real estate man of Northbrook, where he had lived 51 years, died March 6, aged 52 years. He is survived by his widow and four children. The funeral service was held Sunday afternoon at the Presbyterian church in Northbrook and burial was at Ridgewood cemetery. It was one of the largest funerals ever held in that vicinity, testifying to the esteem in which Mr. Funke was held in the community.
