Real Estate Board Is Planning to Organize Property Owners

Plans to organize a property owners division, an activity which has assumed national scope, were formulated at the meeting of the North Shore Real Estate board, held Monday evening in Highland Park.

Through the activities of a special committee headed by Robert Wyatt, property owners will be invited to unite with the realtors to help solve the intricate tax problem now facing the community. Property owners divisions thus far organized in Evanston, Park Ridge, LaGrange and Oak Park are proving successful, according to information received by the board.

A committee with Arthur Lee as chairman was delegated to make a survey of the north shore villages, compiling such information and data of community interest in convenient booklet form.

An invitation to bring to all future meetings of the board, listings of property considered extra choice, or available for trading, was extended to all realtors. This activity, it is hoped will tend to bring buyer and seller together in record time, to the mutual benefit of all parties.

A spirit of optimism and good cheer prevailed among the twenty-six realtors present and it was decided to hold the April meeting again in Highland Park.

Infant Welfare Opens Spring Drive March 24

The March meeting of the Highland Park-Ravinia center of the Infant Welfare society will be held at the home of Mrs. Kellogg Patterson, 943 Lincoln avenue, on the afternoon of Friday, March 21 at 2:30.

Next week the center is holding its annual spring drive for funds. A luncheon is being given at the home of Mrs. Walter Rutledge for members of the drive committee on Monday, March 24, at which time Dr. H. N. Sanford, head of the society's medical staff, will speak briefly on Infant Welfare work, Mrs. Eugene Talbot, the president of the Woman's Auxiliary will also be a guest at the luncheon, and plans for the drive will be outlined.

The Highland Park-Ravinia center aims at larger results from their drive this year. Our neighboring center at Glencoe contributed \$5,800 last year as against our \$2,650. Highland Park-Ravinia center is young, but shows great promise, and we hope eventually to attain the goal of \$5,000 necessary to suggest an Infant Welfare station, which ambition has been realized by almost every other suburb, and we bespeak the co-operation and suggest of our loyal towns people in this drive.

Sandwick represented the local chapter and with the regent, Mrs. J. B. Garnett, attended many sessions.

Talk by Mendenhall

The talk given by Mr. Abram Mendenhall before the North Shore chapter last Thursday was very much enjoyed. His subject was "The Romance of Time," and he traced the history of time-telling devices from the cave man era to the present age of perfection in the watchmaker's art. Mr. Mendenhall is a fascinating speaker, with a keen sense of the dramatic, and a fund of knowledge and experience which now, and then led him to give his audience glimpses of uncharted seas on which they would fain embark at some future time, if privileged to again secure Mr. Mendenhall.

Those who heard Senator Pepper's fine address the other night on the National D. A. R. program, will be glad to learn that there will be a national hook-up every Thursday evening at 7:30 o'clock. Programs will come from Washington sponsored by this organization.
