house. The series of paintings entitled “Creation” are receiving special attention for they show a dynamic interpretation in a modern way of the beginning of the world.

It is so seldom that it is possible to have an exhibit of this kind in a suburban showing, and so much interest has been evinced, that the club will be open to everybody Sunday, March 23, from three until five o'clock. It is expected that Mr. Zoir will attend the Sunday exhibition and so Highland Park people will have an opportunity to meet this famous European artist.
