Open Letter to All Builders in Highland Park District Issues

The Small House committee of the "Better Homes in America" wishes to especially call your attention to the contest that will be held during the week of the drive for better homes, April 27 to May 3.

Homes that have been built within the past five years, not to exceed \$10,000 in total cost, will be admitted. This amount covers the cost of the house only, and does not include the furnishings, land, garage or landscape costs.

The committee, through this contest, will endeavor to select the home that, in its opinion, has been best planned, most artistically arranged, both as to interior and exterior, is the most modern and thoroughly up to date, and in all represents the highest

standards of the American suburban home today.

The committee wishes to state that it is not the intention that the contestants allow the public to enter and examine their homes, except on invitation.

All interested will please notify the chairman, Mr. John S. Van Bergen, at 234 Cedar avenue, Highland Park, in writing, of their intention of entering the contest, giving their name, address and telephone number.

Eastern Star Holds Birthday Party April 2

The members of Campbell Chapter No. 712, O. E. S., will celebrate the chapter's birthday next Wednesday evening when a masquerade will be held. All are asked to come in costume, for if only a few enter into the spirit of the occasion, the evening's enjoyment is spoiled. Just what the nature of the entertainment is going to be has not been announced. The past matrons and patrons assure all a delightful evening.

At the regular meeting last Wednesday evening candidates were initiated. The work was exemplified in a most impressive manner, by the officers.
