**Shore Line Cleaners  
Install New System**

C. L. Rogers, president of the Shore Line Cleaners corporation, announces the installation of the "Miraclean" system, a new dry cleaning process, which according to Mr. Rogers, is so different in nature, so noticeably superior in results that it is destined to virtually revolutionize the dry cleaning industry.

The name "Miraclean" is adopted from the phrase "it's a miracle" voiced by L. E. Gaume of Akron, Ohio, upon beholding the results of his discovery made under the tutelage of the noted chemist, Professor Simons of the University of Akron.

To utilize the "Miraclean" process, necessitated a complete remodeling of the Shore Line plant, calling for much special equipment, including large filters, tanks, etc. "With this work practically completed" says Mr. Rogers, "we are prepared to serve our patrons with a cleaning service, which is declared by one who has seen the immaculately cleaned, fresh smelling garments to be 'Like a breath of Spring'."
