Bad Fire in Waukegan Does \$16,000 Damages

A fire of mysterious origin broke out in the basement of Benson's Men's Furnishing store, 111 Washington street, Waukegan, burned its way upstairs before it was put out after a two-hour battle by the fire department. It started up again, however, and at the end of another two-

hour fight had caused damage estimated at close to \$16,000.

Harry Benson, owner of the store, recently closed a branch store in Libertyville, and this stock was all on the shelves in the Waukegan store when the fire broke out. The Siver Hardware store next door was damaged considerably by the smoke which seeped through the wall; and Lundy's Shoe store to the east was similarly damaged.
