**Spring Style Show At
Y.W.C.A. Tonight, and
Tomorrow Night Also**

(Continued from page 1)

Each store will have three models, that three different styles of the same type from each store may be shown.

Fashion has made a decided change this season, from the short to the longer skirt, from the lower waist line to the pinched higher line. For some, it is hard to appreciate the style, but the more one sees of them, the easier it is to become accustomed to it and eventually will accept and wear them. Clothes for the stylish

stout will be modeled as well as for the very tall and slender person. Childrens, brother and sister clothes will be shown from the 3-year old up to the grown girl. It will interest the school and college girls as well. If planning to travel, see what the show offers in coats and suits. Looking forward to the spring "prom" see the party frocks modeled. If daughter is hard to fit, see the made-to-order dresses from the Jack and Jill shop and Celia Craigs-Sea Frocks. The latest beach pajamas will be worn as well as neat and attractive maids uniforms, wash frocks. Practical as well as "dress up" dresses will be shown. Picture and street hats will be modeled. All are invited. A small admission fee will be charged.
