EVERGREENS

DECIDUOUS TREES and SHRUBS

Thirteen years ago NORTH SHORE CEMETERY was started. At the same time thousands of young nursery plants were used as the beginning of what is now a fine nursery containing practically all trees and shrubs which do well in this climate.

Thousands of beautiful evergreens of more than a dozen varieties and of various ages, also maples, elms, ashes,—trees and shrubs from England, Europe, China, Japan, and other parts of the world.

As the NURSERY is only one of eight departments, the management does not depend on the income from that department to keep the business going. Hence we make prices so low that they are agreeably surprising to all our customers. We do general landscape work, making drawings, furnishing the stock and doing the planting whenever desired. Every spring and fall our Nursery trees and shrubs go to practically every community from River Forest to Milwaukee.

All our friends should remember our well equipped GREENHOUSE RANGE and our WAUKEGAN FLOWER SHOP when in need of Flowers or Plants for any purpose. We have thoroughly trained and skillful men in charge of all these departments.
