

# TRACK TEAM BEATEN TWICE BY PROVISO; BLASIUS COPS MEET

## Senior Hurdlers and Sprinters Unable to Compete with Maywood; Lose 74 to 45

Three fast men on Proviso's senior track team were the factors in the defeat of Deerfield-Shields last Saturday, 74 to 45, at Proviso. The juniors also lost, 50 to 36. Blasius, star hurdler and high jumper for the Maywood team, gathered three firsts and a second, while Peterson and Schuly won all the sprints, so that these three men alone won 42 points, enough to win the meet several times.

Had "Sheik" Worthington not been confined to the dentist's chair Saturday morning with a jaw swollen like a rubber balloon, the score might have turned out differently. As it was, Deerfield was in dire need of a hurdler to compete against this versatile fellow Blasius, who soars over hurdles like an eagle skims over mountains.

### Liske New Hurdler

Liske and Douglas both stood up well in the two hurdle events, both getting seconds. Liske, who took on a new role when he assumed hurdler capacities, also ran a good race in the 440, as did Rubly, a lad who shows exceptional possibilities. Rubly's time, 52.9, was even better than that of "Zup" Wessling who won so many races for Deerfield last year.

Our milers and half milers quite made up for our lack of ability along other lines, winning both races easily. Tucker and Carr tied for first in the

half, while Ericson and Miller came in together in the mile, with Fell and "Whit" Lowe following.

Benvenuti threw the discus to Chicago and back, or nearly that far (106 feet, eight inches) and won without a murmur from Proviso. Blasius was second and "Mac" Lowe was third.

### Peterson Wins Broad Jump

Douglas and Daugherty were unable to beat out Peterson in the broad jump event but were jumpy enough to acquire second and third. Daugh-

erty was also second in the shot put. Ray jumped five feet five inches in the high jump to tie for second place.

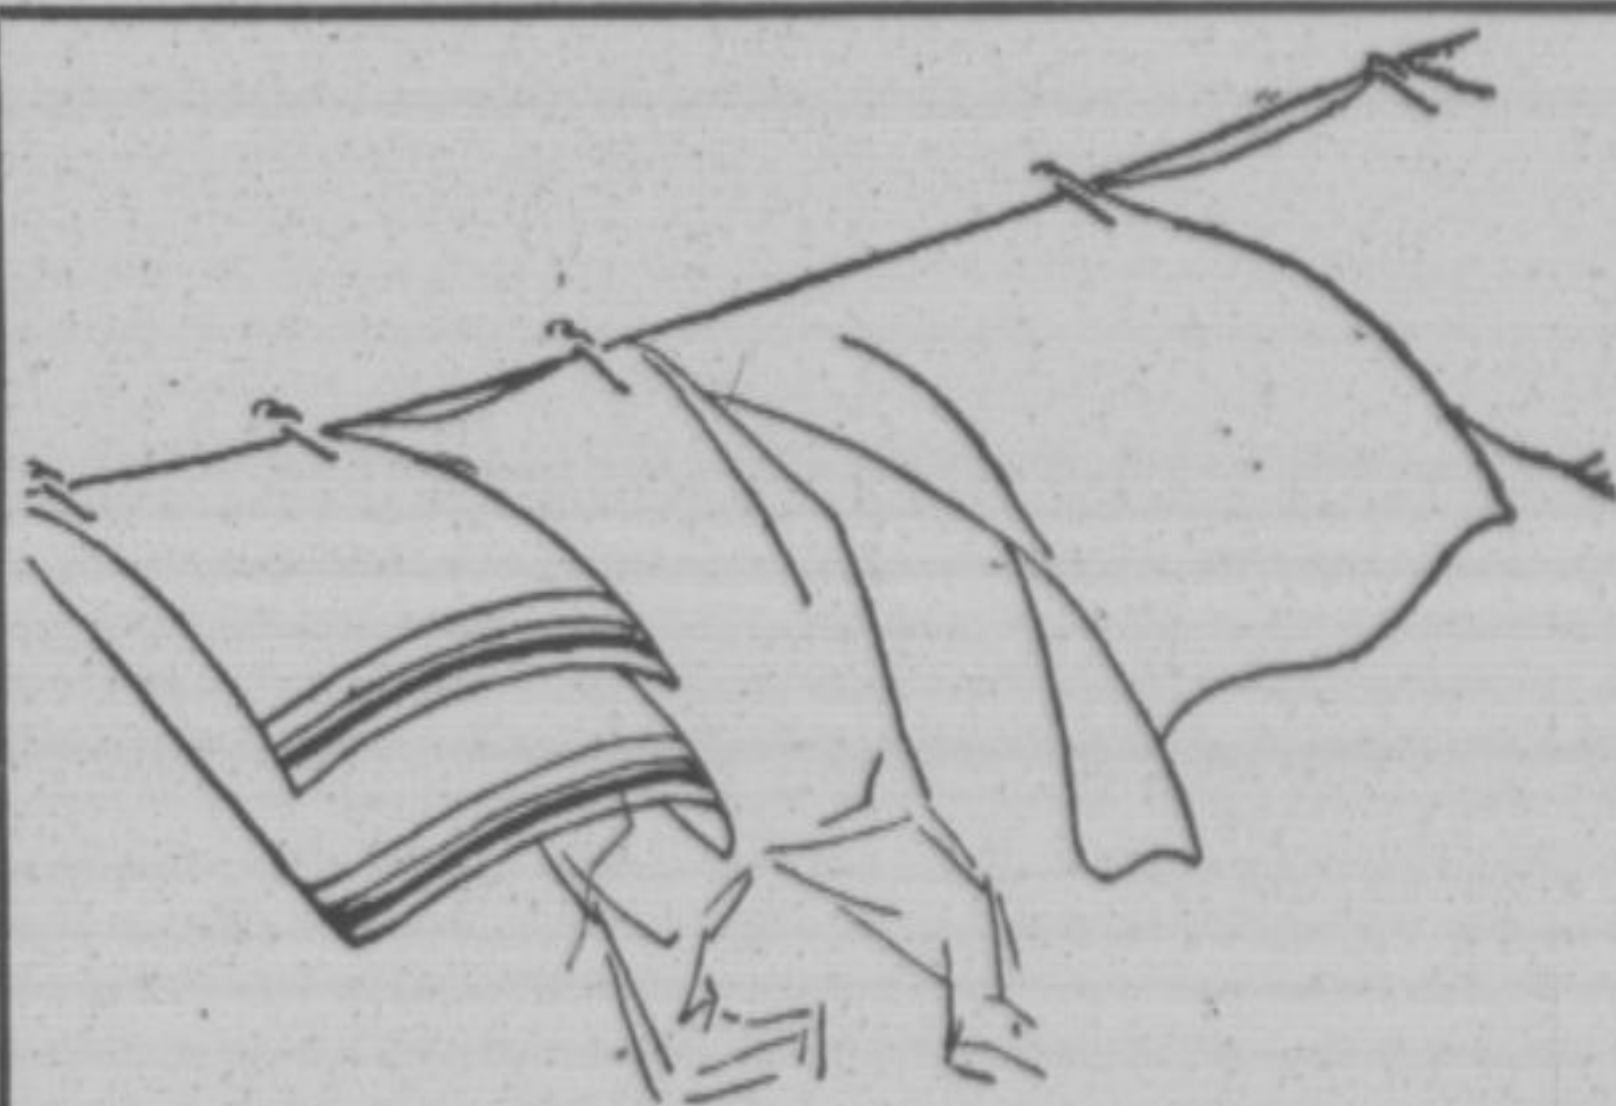

In the relay, Rogan and Rogan, Liske, and Rubly all ran good races. The older Rogan, incidentally, was the only Deerfield sprinter to place in the 50 and 100, so fast were the heats. Sprinters are needed—if there are any Paddocks in this school, now is the time for them to show it.

Pole vaulters have been conspicuous by their absence, too, ever since

Dudley Onderdonk quit this institution for Illinois. Potent broad jumpers, pole vaulters, and sprinters are needed badly.

### Junior Relay Nosed Out

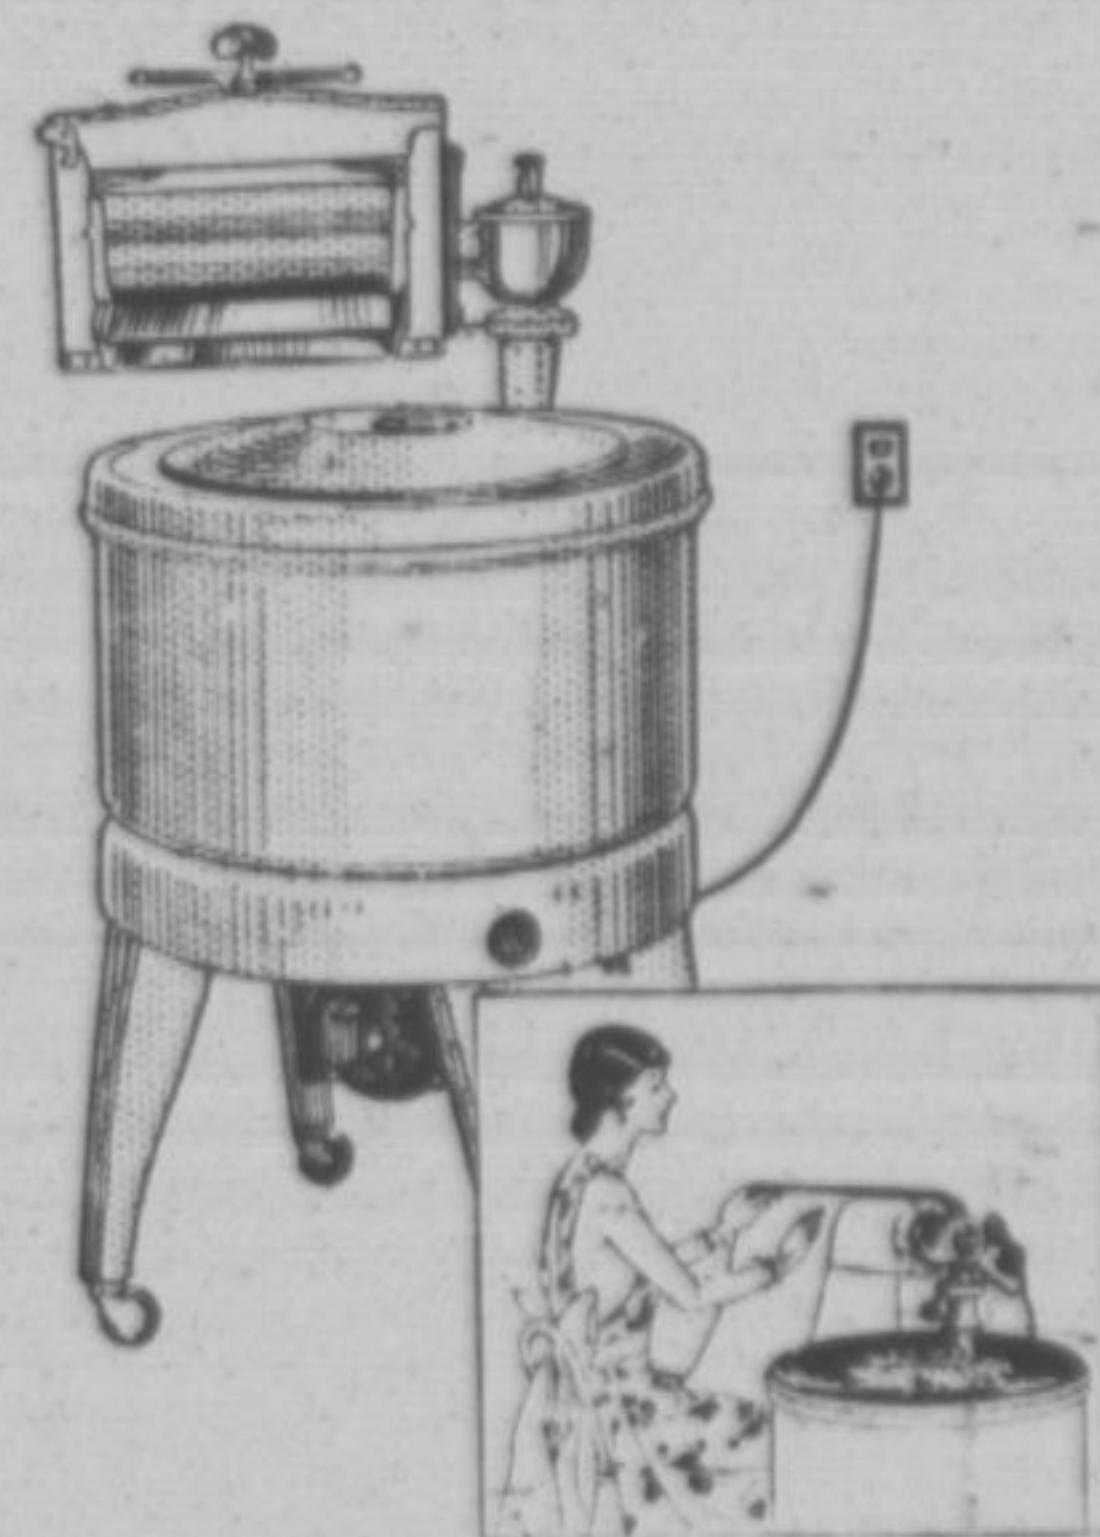

As for the juniors, Roy Worthington, Heine, Fell, and Rogers all ran good races, while Vignocchi, Ray, and Atteridge placed high in their field events. The relay team, composed of Zahnle, Getty, Heine, and Worthington, was nosed out by inches at the finish.
