Which, again and also, is what most of us knew all the time.

Fire at Des Plaines Causes \$60,000 Damage

Fire believed to have started from crossed wires or an overheated furnace swept through the Behrens Block in Des Plaines, last week, driving members of two families to the streets in their night clothes and causing damage of \$60,000 to the building and stock of stores in the structure.

Here Is a Firm that Knows the Value of Judicious Advertising

There is a remarkable firm of general merchants in the little town of Clear Lake, S. D., which probably holds the world's record for consistent and adequate advertising in a community of that size.

English & Towers have carried a full-page advertisement in the Clear Lake Courier every week, without a miss, for 20 years. They have contracted for a similar space for each week of 1930.

Yet Clear Lake is a town of only 835 population, in a county with but 8,759 people, with two newspapers. The extent of the firm's advertising with the other newspaper was not stated in the source of our information, but it is reasonable to suppose that it was considerable.

From their extensive and persistent advertising, English & Towers appear to be pretty thoroughly sold on the proposition. As the Courier says: "They have proven to their satisfaction that large space in the newspaper regularly brings correspondingly big results."

WE, the Peerless Cleaners and Dyers, announce that we have no business connection with the Dollar Peerless Cleaners and Dyers of Waukegan, Illinois. We have requested the Dollar Peerless Cleaners of Waukegan to change their name and in answer they have said they will do so in two days.

The original Peerless Cleaners and Dyers of Arlington Heights are operating their own plant and still continue to do business in Highland Park and is owned and operated by a former owner of the North Shore Cleaners and Dyers Company.
