

H. P. GIRL IS IN CAST OF "LADY NEXT DOOR"

Helen Goldstein, Deerfield Freshman Has Role in Circuit Theatre Play

The Circuit Theatre association of the north shore, formerly the North Shore Theatre guild, will present "The Lady Next Door," a comedy written by Dorothy Parker, well-known writer of humorous verse, and Elmer Rice, author of the Pulitzer prize play, "Street Scene," in the auditorium of the Highland Park Woman's club on Thursday of next week, May 15.

"The Lady Next Door" is the story of Ed. Graham, a hard-working father, and his nagging wife, Harriet, and his extremely spoiled daughter, 'Sister.' Ed has no happiness at home, and it seems but natural that he should turn to the pleasant 'lady next door' when things go especially bad, for her home-life with husband Bert is anything but pleasant, too. The play is a real comedy, and of course it all ends very well, with Ed in command of his own home and 'Sister' getting over the first spanking of her career. The play has had a successful professional production (Continued on page 19).

One Ad in The Press Sold this Property

Testimony to the effectiveness of the Highland Park Press advertising is given by the owner of a valuable piece of property in Ravinia, who reports that after several advertisements placed in a Chicago paper which brought no response, an ad was inserted in the Press last week, and already the property has been sold. If you have anything to sell, advertise it in the Press. Press advertising brings results. Hundreds of other satisfied advertisers tell of similar experiences.

SUNSET VALLEY GOLF CLUB NEWS FEATURES

Women Plan for First Annual Luncheon; North Shore Open; Improvements

The ladies of Sunset Valley are coming out to their first annual luncheon with enthusiasm, and reservations are being sent in every day. If there are any of the ladies who have not sent in their cards, they should do so at once, the office announces.

This affair is an innovation and is proving popular among the women members of the club.

There will be a game of golf in the forenoon and prizes will be awarded. After the luncheon those who do not wish to play golf can join in a game of cards.

North Shore Open

Progress is being made by the committee on the North Shore Open tournament to be held July 14. The members report the sale of ads in the program which all sounds interesting.

Many improvements are now being made, the completion of which will add greatly to the popularity of the course and to the convenience of the patrons.

The addition to the clubhouse, in which a men's locker room will be provided, means much to the members.

Changes in Clubhouse

The present men's locker room located on the second floor of the old building will be converted into the ladies locker room, while their present room will be opened to the transients. The ladies will be given an opportunity to plan the furnishing of their locker room to suit their needs.

The men's locker room will be located in the basement of the new structure and will contain 100 lockers and suitable showers.

The first floor of the new addition will eventually become the lounge while the present lounge will be used as a restaurant.

Some important changes will be made about the course. The new number eight green which was built during the summer and fall of last year is developing a good stand of grass. The change in this hole is a decided improvement over the old one and materially lessens the walk from the 7th green. Perhaps the most interesting change will be the lengthening of the 7th hole.

New Grass Tee

A new grass tee of ample dimensions has been built west of the drainage ditch and a hundred yards south of the present tee, the drainage ditch crossing the fairway diagonally for a hundred yards. This change was made possible by the re-location of number six green which has been built west of the drainage ditch and northwest of the new number seven (Continued on page 37)
