

TO OUR PATRONS

*Your Furs
Are All
Safe!*

We promised you that our safe was fireproof, and our guarantee has been vindicated! Although our shop was swept by fire last Monday night, our fireproof safe made good! Not a single fur entrusted to it was harmed in the slightest degree — and the safe is in perfect condition throughout. If you have not already stored your furs, bring them to us. We might add that our vault not only is fireproof but burglarproof as well.
