Something Deliciously New

100% BUTTER TORTE LAYER

This is a cake, which even the expert housewife cannot duplicate. Made from an exclusive recipe, mixed in a long and arduous manner, from the purest ingredients, it makes a cake which truly melts in your mouth — a thick icing made of Clover Bloom Butter, between layers whose chief ingredients are Swansdown Flour and highest quality milk. You will agree with us that it is the best thing that you have ever tasted.

This delicious butter torte layer is made in the following flavors: chocolate, strawberry, butterscotch, caramel, maple, ice cream and tutti frutti — and they come in 35c, 45c, 65c, and \$1 sizes.

We also make all our birthday cakes of the same materials, and in the same manner.
