

ADOPT RESOLUTION HONOR OF EDWARDS

Retired Judge of Lake Co. Circuit Court Tendered Memorial; Text

A memorial to Attorney Claire C. Edwards, former judge of the circuit court, was read in the courtroom last week, with Judge Edward Shurtleff presiding, by Benjamin T. Miller, chairman of the Lake county bar association committee which prepared the resolution. The memorial was made a part of the record of the court. It read:

The Memorial

"The Lake County Bar Association, at its March meeting, learned with deep regret of the resignation of Hon. Claire C. Edwards as Judge of the Circuit Court for the Seventeenth Judicial District of the State of Illinois, effective April 1, 1930.

"Judge Edwards was appointed to the Circuit Court, September 28, 1914 to fill the vacancy caused by the death of Honorable Charles Whitney, and was elected without opposition in 1915, in 1921 and in 1927, thus serving as Circuit Judge for a period of 16 years.

"Judge Edwards' career on the bench was distinguished by a high order of judicial service. He possessed the rare combination of legal ability and judicial temperament. He was always courteous and considerate to the members of the bar, to court dignity, but not with austerity. He officials, to jurors and to litigants.

"He presided over his court with was always careful and considerate of the rights of others, and insistent that all parties and counsel should have a full and fair hearing in his court.

"His service on the bench did much to promote justice, give confidence to our courts, and elevate the legal profession. During all the years of his service he received the loyal support of the members of the Lake county bar. They respected him for his legal learning. They loved him for the friendly spirit and kindly helpfulness which he always extended to them, and for the fair and courteous treatment which they always received.

"Judge Edwards' decisions were generally regarded as just, and stood the tests of the higher courts, with fewer reversals than fall to the lot of the average judge.

"While we regret the retirement of Judge Edwards from the bench, we welcome him to the bar. The same qualities which made him a successful practicing lawyer. We, today extend to him our friendly greetings and our best wishes for continued success in his chosen profession."

Haircut and Shave

Prices of a decade ago have returned to New York. Haircuts may be had for 10 cents and a shave for 5 cents in several dozen places on the Bowery.

Bluff Lake Woman Is Arrested on Charge of Arson; Says Not Guilty

Mrs. Emma Nixon of Bluff Lake 4 o'clock late last week, in answer to a warrant sworn out before Justice Henry Wallenwein charging her with setting fire to a cottage, owned by herself on Bluff Lake, in order to collect the insurance.

In an interview Mrs. Nixon declared that she was absolutely innocent of the charges. "My daughter and I were 50 miles away when the fire happened," she said. "We were visiting with my sister in Oak Park. I knew nothing about the fire until 3 o'clock the next afternoon. We are all dreadfully upset. It is a terrible thing that I should be accused of setting the fire."

Mrs. Nixon was released on bonds of \$5,000, pending a preliminary hearing. The loss involved is \$2,000, the amount of the insurance.

The complaint on which the warrant was based was signed by George T. Scrivner, deputy state fire marshal,

who conducted a complete investigation of the fire.

Lightning Strikes

A large covey of wild ducks were flying over the little village of Kergadrier, France, the other day and were struck by lightning. Twenty of the birds were killed.

Now that Germany has accepted the reparations settlement and Babe Ruth has his salary question settled we ought to have a little peace of mind for awhile.

Why the State of California Chose HUDSON'S Great 8

Its 100% Perfect Score

Hudson's Great Eight, with 100% score, overwhelmed all competition in tests conducted in the purchase of cars for the department of Highway Control of the State of California.

Nearly all makes submitted bids. Eight cars, including Hudson, were chosen for these exhaustive tests—in Speed, Acceleration, Reliability, Stability, Flexibility, Operating Ease, Steering Action, Freedom from Vibration, Shimmying, and Freedom from Overheating. The cars tested ranged in list price from \$1050 to \$1500. Hudson's Great 8, one of the lowest in price, was the only car to finish with a perfect score.

Penalties incurred by others included failure to finish; motor trouble; overheating; shimmying, excessive vibration, shock on steering wheel; jerky performance at low speed after finish;

failure to sustain speed; loss of acceleration at high speed and only "fair" break efficiency. Hudson's Great 8 finished these trying tests without a single criticism.

And against all these well-known and higher-priced cars it received the highest award by the experts, and seventy-five were purchased for the Highway Control department.

The experts called special attention to Hudson's "remarkable, high sustained speed" and "clean performance," and to the fact that after the tests it showed the lowest speed of any competitor without jerking. Attention was also directed to Hudson's superior acceleration and the fact that at 60 miles an hour it still had a wallop for acceleration far exceeding any other car tested.
