It's PLANTING TIME

Nature says—"Plant Now"! And all who have had experience with growing things will heed her advice.

There are many types of trees, shrubs, plants and flowers that must have the advantages offered by early season rains. They must have the opportunity to firmly establish their roots before warmer days come. We will gladly advise you just what to plant now. Visit or phone us.

BRIEF NEWS ITEMS FROM LAKE COUNTY

Interesting Events About this Part of North Shore and at County Seat

Jewelry, valued at \$75, was taken from the home of Rev. Gilbert Stansell, 411 Clayton street, Waukegan, pastor of the First Methodist church, by burglars who entered through a side door.

Jean Louise, five-year-old daughter of Mr. and Mrs. Jack Fenton, of Evanston, died last week in a dentist's chair while being administered gas. Mrs. Fenton formerly was Miss Priscilla Fuller, of Wauconda. A coroner's jury exonerated the dentist.

T. J. Stahl, head of a real estate firm bearing his name, last week was elected president of the Waukegan Park board. He served as president several years ago and has been a member of the board for 10 years. He succeeded Justice Harry Hoyt.

The victim of a heart attack brought on by over-exertion while saving a small boat from damage during a storm on Bangs lake near Wauconda, last week, Lars Larson, 52, residing on Bangs lake, collapsed as he brought the boat to the landing and died almost instantly.

A case of cerebral spinal meningitis was reported to the Waukegan city health office last week, the first to occur in the city in several weeks. Buddy Belzer, 12 years old, of 521 May street, is the patient. He is progressing as well as can be expected, and has been placed in strict quarantine.

Damage done by trucks to Green Bay road, north and south from Waukegan has kept the state maintenance department busy repairing holes for the past two weeks. Millburn road, poured at the same time, is without blemish due to much lighter traffic. The weather, too, R. M. Lobdell, county superintendent of highways, said had some effect on the paving.

Complete census returns for four more Lake county townships were given out last week. Avon township has a population of 2,103 for a gain of 569; Fremont township 1,140 for a gain of 90, and Newport township 975 for a loss of 81.

Spreading Viper Is Killed Near Waukegan

A spreading viper or puff adder, a snake with a highly poisonous bite, was found on North Sheridan road, near Waukegan, last week and promptly killed by Victor and Joseph Andrews who live at 806 Yeoman place in that city.

The snake measured about five feet in length and when the men attacked it, the reptile flattened out its head and the upper part of its body and made for them.

A similar snake was killed recently in Winthrop Harbor, indicating a sudden influx of the vipers that have been seldom seen in this vicinity in recent years.
