

# What if "George"

## *What will happen to ELM PLACE if the Campaign is*

"Letting George do it" never brought success, financial or otherwise, to any business or individual. The only way we can put the School Fund over for Elm Place and Green Bay Road is for every citizen to support it.

### **What will happen if our schools have to continue with the 1870 law**

Suppose the Citizens' and Parents' Committee should fail in their efforts to underwrite our schools for an additional \$15,000 a year for the next three years. What would it then be necessary for our School Board to do in order to keep disbursements within the budget allowed by the archaic school laws of 1870?

Either our schools would have to be closed for six weeks, or their efficiency seriously impaired by reducing our excellent teaching staff. And, of course, there would be no gymnasium, no new

playground, nor a playground instructor. It would mean going backward instead of forward.

### **Cost of educating a child**

At the present time it costs \$160.00 per year to educate a child at Elm Place or Green Bay Road. What would you pay for a private school education that could be no better and very probably might not be as good?

If you have one child in school and pay your way it is necessary that you pay \$480.00 a year in taxes—because under the present school laws the school system receives but \$1.00 out of every \$3.00 paid in taxes. In order to find out exactly what you are now paying for school upkeep, simply divide the amount of your taxes by three.

### **What chance has your child got?**

The life we live today cannot be compared to that of the frontiersmen of the 70's for whom our pres-
