Bathing Beaches Open; Activities in Parks and Playgrounds Start

Sunset park has added cricket games to its list of attractions. These will be of great interest to the public, as cricket is very little known in this country. The indoor evening games will be presented again this year, as well as the regular Thursday evening dances.

The playgrounds have been improved, and two new ones added; one of these is at Lincoln park, opposite 31, 1929. the Lincoln school, and the other is at Port Clinton park, at the corner of Bloom street and St. Johns avenue. The season's program for the playgrounds will be ready for distribution this week, and parents who are unfamiliar with the work of the Park board in this respect should acquaint themselves with this booklet. FRUSTRATE HOLDUP OF HIGHWOOD BANK

Tear Gas Stops Bandit Who Fires at Asst. Cashier and Then Flees in Auto

Edgar Benson, assistant cashier of the Highwood State bank, risked his life Wednesday morning when he stepped on the tear gas valve in the banks a lone bandit, flourishing a big gun, entered and demanded the cash. As a rush of gas nearly blinded him the robber fired one shot at Benson, who dropped to the floor behind the wicket, escaping the bullet by a close margin. The bandit fled in a big Chrysler sedan, it was reported, going south. He is believed to be the same man who looted the bank of nearly \$3,000 by similar tactics Dec.

Chief Walter Henderson of Highwood notified police of all other North Shore towns immediately and it is hoped that the bandit will be captured.

Bandit Enters

Plan to Build Harbor for Highland Park Is Receiving Good Support

Plans for the construction of a boat harbor at Highland Park were furthered at a meeting of citizens interested, held Tuesday evening, and indications now are that the project will be carried out.

Building of the harbor will be the first task to be undertaken by the North Shore Yacht club, now in process of organization. According to the present plans, membership in the club will be limited to yachtsmen in Glencoe, Highland Park, Lake Forest and Deerfield.

Following the start of construction work on the harbor the club will consider plans for building. This part of the plan is being deferred.

Members of the organization committee are confident that the club will have a membership of more than 400 before the close of the year.

The committee includes Lyle Gourlev. Harry Sellery, Fred D. Porter, Dr. Harry Gradle, George W. Carr, Xavier Vigeant, Winston A. Davie, and Albert Snite.

A mass meeting of all yachtsmen in the four North Shore towns is to be held in the Highland Park city hall the evening of July 1.
