Firemen Are Painting Truck; Motor Overhauled

The fire chief reports no fires and a quiet week, and the firemen at the Central station have been busy removing the paint from the big pump preparatory to giving it a fresh coat of paint and varnish. The motor has just been overhauled, and when the firemen finish the job the old truck will look like new.

SCHOOL DISTRICTS 110-112 MAY UNITE

Petition Filed with Co. Supt.; Election on Proposal Is on July 5th

A petition from more than 20 per cent of two school districts in the Deerfield-Bannockburn-Everett areas has been filed with County Superintendent of Schools T. A. Simpson, asking for a special election for the purpose of combining the school districts.

The notices issued by the county superintendent set the election for July 5.

The districts involved are known as 110 or the Wilmot school, and 112 or the Everett district.

The step is being taken, according to Mr. Simpson, for the purpose of added school facilities as the districts are rapidly being populated by suburbanites.

The ultimate plans, providing the election carries, will call for an addition to the Wilmot school and a new building to be erected in the village of Bannockburn.

Valuation of \$1,000,000

In district 112 there has been no school as the children have been sent into other sections as tuition pupils. The city of Lake Forest cut a slice from this district a short time ago when it annexed land to the west which left it in no position to establish the type of school it wanted.

The assessed valuation of the proposed new district which would be guided by a board of education of seven members, is in excess of \$1,000,000. Such valuable properties as the A. D. Lasker estate and the Swift land are in this area.

There are three polling places the day of election. One will be in Deerfield for all of that property in the west part of the village lying in district 110; one in Bannockburn and a third in the Clavey office for all of the people who do not reside in either of the villages. The polls will be open from 7 a. m. to 10 p. m. daylight saving time.

To Demonstrate Home Dry Cleaning Device

A demonstration will be given July 10 to 12, inclusive, at the Highland Park Hardware Co., 18 North Sheridan road, of the Duette, a dry cleaning machine for use in the home, with Drette non-explosive fluid. It is advertised as absolutely safe and easy to operate and excellent in its results. Everybody interested in a safe, easy and effective method of home dry cleaning should attend this demonstration.
