

DOLLAR DAY HERE WEDNESDAY, AUG. 13

(Continued from page 3)

Park, Deerfield, Ravinia and Highland during that day, giving everybody an opportunity to see what bargains are offered by the merchants whose advertisements appear therein.

It is planned to make this a big community event with attractive merchandise for everybody so that the entire community may benefit thereby.

In the official Dollar Day letter issued to all members regarding this project says in part:

The committee is very much in favor of Dollar Days. It is also agreed that a large percentage of the merchants who took part in Dollar Day last February were more than pleased with results, in fact they were surprised at the large volume of business transacted on that day.

Expect Big Success

This year it is expected that the firms taking part will be close to 100 per cent, and that Dollar Day on August 13 will surpass anything yet undertaken in the way of bargain day.

Dollar Day is for all merchants in Highland Park and Ravinia and the more firms that take part, the more successful will be the day. It is emphasized that Dollar Day is for one day only. Merchants are urged to use their own judgment as to what articles and how many different articles are offered, and how to advertise, but the committee especially requests that each offer some bargain for \$1.00 regardless of the kind of business he is in.

Last February some of the merchants ran out of merchandise before the day was over not anticipating such a large number of shoppers. This year this will be taken care of by buying in larger stocks.

The Chamber of Commerce will render any assistance possible in the way of giving publicity to Dollar Day, but the big thing to remember is for all firms to enter Dollar Day with real bargains so that there will be 100 per cent co-operation.

Improvements Made in Y. W. C. A. Quarters

Many improvements have been made in the interior of the Highland Park Y. W. C. A. this summer, including redecorating the walls of the assembly hall and the rooms on the second floor.

For the accommodation of transients at this time of year it becomes necessary to transform the assembly hall into a dormitory, where numerous guests from Ravinia Park are housed nightly, as well as tourists.

Many business women choose this Y. W. C. A. for a week or two to stay while continuing their work in Chicago.
