

Human Development to Be Depicted in Display

You may not be partial to all your prehistoric ancestors, but you should at least know how they are supposed to have looked thousands of years ago, the Chicago Association of Commerce asserts. That you may vis-

ualize how our early ancestors appeared the Field Museum of Natural History is planning to devote three halls to a series of exhibits showing the development of life on the earth from its earliest beginning. The project is planned for completion in time for the World's fair in Chicago in 1933.

Hold Sullivan Under \$5,000 Bond; Charge of Robbing Chauffeur

John Sullivan, alias John Ryan, of Chicago, was bound over to the grand jury last week, by Justice Henry Wallenwein of Waukegan, set bail at \$5,000, on a charge of robbery.

Sullivan is the prisoner at the county jail who has attracted country-wide attention since his capture on the Fox Lake-Antioch road by Deputy William Kelly charged with holding up three men, getting \$31, while taking a taxicab chauffeur for a "ride."

Communications have been received by Sheriff L. A. Doolittle from several eastern cities and from a Mississippi town regarding Sullivan. The letter from Mississippi was from a woman who said she was praying that the John Sullivan in the custody of the authorities here was her long lost son, Mike, who had changed his name to John. To date no connection has been made between the Sullivan here and the various John Sullivans mentioned in the communications.

Sullivan, who said he was 29 years old and lived at 3001 West Van Buren street, Chicago, hired George Richardson's taxicab in Chicago on July 6 and ordered him to take him to Indian Point at Fox Lake. On the way Sullivan is alleged to have held up three motorists at High's filling station. At Anderson's filling station Richardson handed a note to an attendant, calling for help. Richardson said he was being taken for a "ride" by Sullivan.

Judgeship Battle to Be Centered in County

The battle ground for the circuit judgeship for the district embracing Lake, McHenry, Boone and Winnebago counties, will be centered in Lake county it was agreed recently by representatives for both of the leading candidates, Attorney Ralph J. Dady and Attorney George W. Field.

They base their opinions on the reports from other counties that Lake county is entitled to the judge as the man will be a successor to Claire C. Edwards and because Lake county, with its population of 103,000, is the second in size in the district.

Circuit Judge Arthur E. Fisher, of Rockford, who is in close touch with the Winnebago delegation, advised a number of attorneys who saw him in behalf of Dady that Winnebago lawyers would listen to the suggestion of the greatest number of the Lake County Bar association.

Loot Waukegan Clothing Store of \$10,000 Worth of Goods Last Friday

Loot estimated at \$10,000 was taken from the Hub Clothing store, 30 South Genesee street, Waukegan, by an unknown number of bandits who entered the store at 7 o'clock Friday morning, forced Julius Sinykin, owner, into a rear room at the point of a gun, and boun him with neckties while they loaded between 300 and 500 suits of clothes into a truck which had been backed to the rear entrance of the store.

CITY PLAYGROUND ACTIVITIES MANY

(Continued from page 2)
day evening after seeing what was probably the most thrilling ball game ever played in Chicago. There had not been a single thing in that game that had not come up to the expectations of every child present, down to the final anti-climax of having the score tied, the bases loaded, and three and two on the batter. And the Cub's won the ball game!

These 58 children had been the guests of the Cub's park management and the East Park district. The trip was very comfortable, as they went down in special coaches on the North Shore line and got off directly at Addison street. Each child considered the trip a huge success, and they would be eager to go again if the opportunity presented itself. Bigger and better ball games, is their motto!

Prepare Costumes

The children at the playgrounds have been very busy the past week making costumes and preparing generally for their performance at Ravinia park next Thursday afternoon, August 14. They will present two dances, "Singing in the Rain," and "Soldier's Drill." The costumes for both the dances are being made by the children, and they have been enjoying the work. The costumes will be kept for the playground day exercises, when the dances will be presented again, and the children will keep their own costumes.

China Sends Consul General to Chicago

Chicago's rapidly increasing importance as an export center has been officially recognized by the Republic of China, which recently named Dr. Koliang Yih as its consul general here, the Chicago Association of Commerce points out. Dr. Yih, one of China's most outstanding diplomats, graduated from Cornell university with an M.A. degree in 1909, and from Peking Hanling academy with a Ph. D. degree in 1911. Dr. Yih formerly served as Chinese consul at Vancouver, G. C., San Francisco, Java and Manila.

Highland Park M. E. Church

F. D. Hopkins, pastor

Next Sunday morning the pastor gives the tenth of the series of sermons on the parables of Jesus, taking for his study the parable of the "Rich Man and Lazarus." Among the questions treated will be the teaching of Jesus concerning Hell and Eternal Punishment contrasted with present day thought; also the glaring contrast between poverty and wealth and christian standards of living. Increased interest in this series is shown each Sunday.

The Ladies' Aid will meet this week Friday afternoon with Mrs. Evans, Skokie avenue, and she will be assisted as hostess by her daughter, Mrs. Leslie Fuller.

Mostly the Latter

Some of us will have vacations this year. Others will have only vacationettes.—Woman's Home Companion.
